

Paris1-UIBE double degree master in Empirical and Theoretical Economics

MASTER 2

RESEARCH

presentation

The faculties of the University of Paris 1 Pantheon-Sorbonne and the University of International Business and Economics in Beijing, which are among the leading Economics Departments in their respective countries, have joined their efforts to organize an innovative international **Double-Degree Masters Program**, specialized in **Empirical and Theoretical Economics**. This program aims to provide cutting-edge education in Economics at the master level. This program trains economists who will be prepared for positions in academic research

and teaching, as well as positions in government agencies, international organizations, banks, financial institutions, as well as non-profit organizations. Participants also benefit from diverse cultures and study environments as they will spend 2 years in Paris with classmates from around the world. During the 2nd year students benefit from collaboration with the **Paris School of Economics**. ■

facts and figures

TARGET AUDIENCE

International, English-speakers who have completed the 1st year in the PSME program

TUITION

1st year: 3 semesters at University Paris 1 = 8 500 euros

2nd year: 2 semesters at University Paris 1 = est. 500 euros

CLASS SIZE: 10 students

ACADEMIC YEAR: Sept-July

LANGUAGE : English

upon completion

Graduates will be well-equipped to pursue a PhD or to begin a career in their chosen field. A PhD is particularly relevant for those intending to have a top level career as an economist in an international organization or a career in academics.

Past students hold titles such as economist, manager, consultant or researcher. Employers include research centers, country risk evaluation departments in banks or multinational firms, local development agencies, and international organizations.
