*Refereeing for the following international journals (> 40):*

Advances in Complex Systems – Annales d’Economie et Statistique – Annals of Operations Research – Bulletin of Economic Research – Central European Journal of Operations Research – Decisions – Dynamic Games and Applications – Econometrica – Economic Journal – Economic Theory – European Journal of Operational Research – Fuzzy Sets and Systems – Games – Games and Economic Behavior – Group Decision and Negotiation – Homo Oeconomicus – Information Sciences – International Economic Review – International Game Theory Review – International Journal of Game Theory – International Journal of Information Systems and Social Change – Journal of Applied Non-Classical Logics – Journal of Economic Behavior & Organization – Journal of Economic Dynamics & Control – Journal of Economic Theory – Journal of Logic and Algebraic Programming – Journal of Mathematical Analysis and Applications – Journal of Public Economic Theory – Mathematica Applicanda – Mathematical Social Sciences – Mathematics of Operations Research – Multiple Criteria Decision Making Journal – Network Science – Operations Research and Decisions – Operations Research Letters – Physica D: Nonlinear Phenomena – Public Choice – 4OR - A Quarterly Journal of Operations Research – RAIRO / Recherche Opérationnelle – Revue d’Economie Politique – Social Choice and Welfare – Theory and Decision – Zentralblatt MATH

*Polish Journals:* Banach Center Publications, Decisions, Journal of the College of Economic Analyses (Warsaw School of Economics)

## 8 Education and Professional Qualifications

- **Habilitation à Diriger des Recherches (HDR)** obtained at GATE - Université Lumière Lyon 2, Ecully (Lyon), France
  - *Title:* Models of bargaining, coalition formation, voting power and influence
  - *Date of award:* 24.09.2008
  - *Committee members:* Francis Bloch (president of the committee), Abhinay Muthoo, Jean-Louis Rullière (referee), Donald G. Saari (referee), Maurice Salles (referee), Stef Tijs

- Ph.D. Thesis in Economics submitted at the Warsaw School of Economics (WSE), Warsaw, Poland
  - *Title*: Bargaining problem with non-stationary preferences of players
  - *Supervisor*: Prof. Dr Honorata Sosnowska (WSE)
  - *Date of award*: 20.06.2000
  - obtained **Rector Award** for Ph.D. thesis
- 1995 - 1996 : Postgraduate Studies in Computer Sciences (3 terms) in the Department of Mathematics, Computer Sciences and Mechanics at the Warsaw University
  - *Title of Dissertation*: Exponential and logarithmic functions
  - *Supervisor*: Prof. Dr Janusz Jabłonowski (Warsaw University)
  - *Date of award*: 26.11.1996
- 1994 - 1995 : doctoral studies in the Collegium of Economic Analyses at the Warsaw School of Economics; passed the doctoral exam in Economics
- 1988 - 1993 : graduate university studies in the Department of Mathematics, Computer Sciences and Mechanics at the Warsaw University
  - *Title of Master's Thesis*: Approximation with algebraic and trigonometric polynomials
  - *Supervisor*: Prof. Dr. Zbigniew Sawoń (Warsaw University)
  - *Date of award*: 7.07.1993

## 9 Distinctions, Employment History and Research Experience (Projects)

1. 1.10.2024 - present : CNRS, Centre d'Economie de la Sorbonne (CES), Université Paris 1 Panthéon-Sorbonne, Position: **Directeur de Recherche de classe exceptionnelle** (DRCE)
2. 13.06.2024 : Alumni title "**Lider SGH**" ("Leader of Warsaw School of Economics", Category: Science)
3. 2023 - present : CNRS MITI (Mission pour les initiatives transverses et interdisciplinaires)
  - Aide à la décision, *NEGOCLIM – Modéliser et simuler les négociations sur le climat*
4. Oct 2022 - Feb 2023 : **Gender-guest Professorship**, Bielefeld University, Faculty of Business Administration and Economics
5. 16.02.2022 - 15.02.2025 : **Honorary Professor**, Queen's University Belfast
6. 2021 - 2025 : Member of the European Joint Doctorate Programme, EU project 956107 Innovative Training Network, Project *EPOC - Economic Policy in Complex Environments*
7. 1.10.2017 - 30.09.2024 : CNRS, Centre d'Economie de la Sorbonne (CES), Université Paris 1 Panthéon-Sorbonne, Position: Directeur de Recherche 1ère classe (DR1)
8. 2017 - 2021 : Member of the European Joint Doctorate Programme, Project *ExSIDE - Expectations and Social Influence Dynamics in Economics*, Horizon 2020 Programme
9. 10/2014 - 10/2018 : Member of the ANR (Agence Nationale de la Recherche, Programme Blanc) Project *CoCoRiCoCoDEC - Complexity, Computation, Rationality and Incentives in Cooperative Collective DECision Making*

10. 02/2014 - 09/2018 : Member of the ANR Project *DynaMITE - Dynamic Matching and Interactions: Theory and Experiments*, Participating institutions: CES, GATE Lyon St Etienne, Ecole Polytechnique
11. 2014 - 2017 : Member of the European Project SIMPOL (Financial Systems Simulation and Policy Modeling)
12. 10/2009 - 10/2013 : **Project Coordinator** of the ANR project (Programme Blanc) *MINT - Models of Influence and Network Theory*, Participating institutions: CES (University of Paris 1), GATE Lyon St Etienne (CNRS - University of Lyon, University of Saint-Etienne), Dutch Group of Social Choice Theory, 200 000 Euro
13. 2008 - 2011 : Eurocores LogICCC project of the European Science Foundations *Social software for elections, the allocation of tenders and coalition/alliance formation*, collaboration with researchers of Tilburg University, University of Kiel, University of Turku, Valladolid University
14. since December 2011 - present : associated researcher at Paris School of Economics
15. 1.10.2011 - 30.09.2017 : CNRS, Centre d'Economie de la Sorbonne (CES), Université Paris 1 Panthéon-Sorbonne, Position: Directeur de Recherche 2ème classe (DR2)
16. 1.04.2010 - 30.09.2011 : CNRS, CES, Université Paris 1 Panthéon-Sorbonne, Position: Chargée de Recherche 1ère classe (CR1)
17. 1.03.2007 - 31.03.2010 : CNRS, GATE, University of Lyon 2, Position: Chargée de Recherche, CR1
18. 1.05.2006 - 28.02.2007 : Radboud University Nijmegen, Nijmegen School of Management, The Netherlands, Assistant Professor
19. 1.09.2004 - 30.04.2006 : Radboud University Nijmegen, Nijmegen School of Management, The Netherlands, Post-doctoral research position, working on the research project *Applying Game Theory to Business Science*
20. 2003 - 2005 : collaboration within the COST Action 274, TARSKI (Theory and Applications of Relational Structures as Knowledge Instruments), collaboration with: Harrie de Swart (Tilburg University), Rudolf Berghammer (University of Kiel), Patrik Eklund (University of Turku), Marc Roubens (Faculté Polytechnique de Mons), Michel Grabisch (Université Paris I Panthéon-Sorbonne)
21. 1.12.2002 - 31.08.2004 : Tilburg University, The Netherlands, Post-doctoral research position, working on the research project *Coalition Formation and Power Indices*
22. 1.12.2000 - 30.11.2002 : Tilburg University, Marie Curie Fellowship, working on the research project *Elections and Coalition Formation in Central and Western Europe*
23. 1.10.2000 - 30.09.2010 : Warsaw School of Economics, Institute of Econometrics/Department of Mathematical Economics, position: Associate Professor (adiunkt), on sabbatical
24. 1.10.1998 - 30.09.1999 : Central and East European Economic Research Center (CEEERC), Warsaw University, Department of Economics, research scholarship, working on the research project *Bargaining Problem with Non-stationary Time Preferences of the Players*

25. 1.10.1997 - 30.09.1999 : a group grant of the (Polish) State Committee for Scientific Research *Collective Decision-making*
26. 1.10.1995 - 30.09.2000 : Warsaw School of Economics, Institute of Econometrics, position: Teaching and Research Assistant (Assistant Professor), research on Game Theory and Mathematical Economics
27. 1.10.1994 - 30.09.1995 : Warsaw School of Economics, Institute of Econometrics, position: Ph.D. student and Teaching Assistant, research on Game Theory and Mathematical Economics
28. 1.09.1993 - 31.08.1994 : Secondary School in Podkowa Lesna (Poland), teacher of Mathematics

## 10 Teaching Experience

1. September - October 2025 : Paris School of Economics, Master APE course on 'Networks Economics' (12 hours, course of 36 hours - joint with Francis Bloch and Margherita Comola)
2. May 5 - 9, 2025 : University of Hamburg, course for Ph.D. students on 'Social Networks and Opinion Dynamics' (15 hours)
3. November 4, 2024 : Queen's University Belfast, Masterclass on 'Utility Foundations of Network Analysis' (3 hours)
4. October - November 2024 : Paris School of Economics, Master APE course on 'Networks Economics' (12 hours, course of 36 hours - joint with Francis Bloch and Margherita Comola)
5. January - February 2013 - 2025 : Université Paris 1, Master 2 course on 'Théorie des réseaux et applications' (9 hours, course of 18 hours - joint with Emily Tanimura)
6. November 11-12, 2019 : Department of Mathematical Sciences at Politecnico di Torino, Mini-course for Ph.D. students on 'Targeting in social networks'
7. April 28-30, 2015 : University Federico II in Naples, Mini-course on 'Network Dynamics and Public Goods' (joint with Nizar Allouch)
8. March - April 2015 : Université Paris 1, Course for Ph.D. students on 'Social and Economic Networks' (9 hours, course of 21 hours - joint with Michel Grabisch and Emily Tanimura)
9. December 2014 : National Research University Higher School of Economics, Moscow, Mini-course on 'Strategic Network Formation and Network Allocation Rules' (5 hours)
10. December 2013 : Université Paris 2, Mini-course on 'Network Dynamics and Public Goods' (6 hours, course of 12 hours - joint with Nizar Allouch)
11. January - February 2012 : CES, Université Paris 1, Master 2 course on 'Cooperative Games' (18 hours)
12. June 2010 - 2011 : EM LYON (Business School), 'Open Topics Microeconomics' (15 hours)
13. February 2010 : GATE, University Lyon 2 (Ecole Doctorale), 'Microeconomics' (Game Theory, 12 hours)

14. June 2009 : GATE University Lyon 2 (Ecole Doctorale), ‘Anglais pour doctorants en sciences sociales’ (5 hours)
15. February - March 2009 : GATE, University Lyon 2 (Ecole Doctorale), ‘Microeconomics’ (Game Theory, 12 hours)
16. 2007/2008 : EM LYON (Business School), ‘Applied Micro-Economics’ (24 hours)
17. 2006/2007 : Radboud University Nijmegen, ‘Strategy, Strategic Decision Making’
18. 1995 - 2000 : Warsaw School of Economics, teaching:
  - Mathematics (in particular, Mathematical Analysis, Algebra, Probability, Differential Equations)
  - Game Theory, Social Choice Theory, Mathematical Economics

## 11 Ph.D., post-doc, HDR and Master Theses Supervision

Ph.D. supervision:

- Maria Kokou, Université Paris 1, “Jean-Pierre Aguilar” Ph.D. grant of the Fondation CFM pour la Recherche, *Mathematical Models and Methods for Understanding Algorithmic Bias in Socio-economics Networks*, co-supervision, since October 2025
- Rosa van den Ende, *Network-based Measures of Climate Risks and Liabilities*, EPOC (European Doctoral Program) - Université Paris 1 & Bielefeld University, co-supervision, defended 02/10/2025
- Elena Orlova, *Essays on the Evolution of Preferences and Network Interactions*, EDEEM (European Doctoral Program) - Université Paris 1 & Bielefeld University, co-supervision, defended 19/10/2021
- Akylai Taalaibekova, *The Impact of Opinion Formation on Expectations and Market Dynamics*, EXSIDE (European Doctoral Program) - Université Paris 1 & Université Catholique de Louvain, co-supervision, defended 26/06/2020

## 15 Invited/Keynote Speeches at Conferences

- 1. ICIM (22nd International Conference on Innovation and Management), University of New Brunswick Fredericton Invited talk (online): *Network dynamics and link recommendation algorithms: Efficiency versus fairness*, 11.10 - 12.10.2025
- 2. CCS/FR2025 – CSS French Local Chapter - Conference on Complex Systems, Complex System Society, Paris, Invited talk: *Network-based approach to environmental decision-making and allocating emission responsibility*, 23.06 - 25.06.2025
- 3. ICIM (21st International Conference on Innovation and Management), Wuhan University of Technology, Invited talk: *Opinion dynamics, targeting and competing for influence in networks*, 23.11 - 24.11.2024
- 4. AUTOMATA 2024 (30th International Workshop on Cellular Automata and Discrete Complex Systems), Durham, Invited talk: *Binary opinion models of influence and opinion dynamics in social networks*, 22.07 - 24.07.2024
- 5. 11th Workshop of the International Society of Dynamic Games, Warsaw, Invited talk: *Dynamic network formation models with strategic interactions*, 13.07-15.07.2017
- 6. Fifth Workshop on Dynamic Games in Management Science, Montreal, Invited talk: *Dynamic models of influence and opinion formation*, 27.11 - 28.11.2014
- 7. FSTA 2014 (12th International Conference on Fuzzy Set Theory and Applications), Lipovsky Jan, Slovak Republic, Invited talk: *Aggregation functions in social networks: Application to influence and contagion*, 26.01 - 31.01.2014
- 8. RAMiCS12 (12th International Conference on Relational and Algebraic Methods in Computer Science), Rotterdam, Invited talk: *Social networks: Prestige, centrality, and influence*, 30.05 - 3.06.2011
- 9. Third International Workshop on Computational Social Choice (COMSOC 2010), Düsseldorf, Invited tutorial: *Different approaches to influence in social networks*, 13.09 - 16.09.2010

## 16 Research Visits and Invited Seminars/Workshops/Summer Schools

- 1. 27.10 - 5.12.2025 : research visit at Charles University in Prague, Department of Mathematics & Physics
- 2. 7.11.2025 : Kick-off meeting of AGATE project, Charles University in Prague, invited talk *Efficiency versus fairness in link recommendation algorithms*

3. 23.10.2025 : Vrije Universiteit Amsterdam, invited seminar on Voting and Networks *Winning coalitions and power in plurality voting games*
4. 9.09 - 16.09.2025 : visit to University of Barcelona, invited seminar *Efficiency versus fairness in link recommendation algorithms* (15.09.2025)
5. 8.07 - 9.07.2025 : Workshop SWET 2025, Paris, invited talk: *Dynamic network formation with farsighted players and limited capacities*
6. 27.06 - 28.06.2025 : Workshop on Social Choice, Game Theory, and Mechanism Design, invited talk: *Efficiency versus fairness in link recommendation algorithms*
7. 5.06 - 6.06.2025 : BiNoMa 8 (Workshop on Economics of Networks), University of Granada, invited talk: *Dynamic network formation with farsighted players and limited capacities*
8. 6.02.2025 : University of East Anglia, invited seminar: *Competing for influence in networks through strategic targeting*
9. 3.11 - 6.11.2024 : visit at Queen's Management School, Queen's University Belfast, invited Masterclass
10. 19.09 - 20.09.2024 : Nanobiomedica, Warsaw, invited talk (Inspiration session, in Polish): *An interdisciplinary approach to dynamic social phenomena from the perspective of network theory and game theory*
11. 4.06 - 5.06.2024 : BiNoMa 7 (Workshop on Economics of Networks), University of Rennes, invited talk: *Network-based allocation of responsibility for GHG emissions*
12. 28.05 - 31.05.2024 : 2024 Mediterranean Game Theory Symposium, AMSE (Marseille), invited talk *A dynamic analysis of criminal networks*
13. 10.04 - 18.04.2024 : visit to GERAD (Groupe d'Etudes et de Recherche en Analyse des Décisions), Montreal
14. 26.03.2024 : LEMMA (University Paris 2), invited seminar *Degree centrality, von Neumann-Morgenstern expected utility and externalities in networks*
15. 22.01.2024 : LIP6 (Sorbonne University, Paris), invited talk *Network-based allocation of responsibility for GHG emissions*
16. 5.12 - 6.12.2023 : visit at Jagiellonian Center for Quantitative Political Science, Jagiellonian University (Cracovie), invited talk *Participatory budgeting from a Social Choice perspective*
17. 29.11.2023 : University of York, invited seminar *Degree centrality, von Neumann-Morgenstern expected utility and externalities in networks*
18. 19.10.2023 : visit at Hamburg University, invited seminar (Interdisciplinary Research Seminar) *Competing for influence: Insights from a multi-agent targeting experiment*
19. 29.04 - 6.05.2023 : visit at Queen's Management School, Queen's University Belfast, Workshop on Networks and Games (4.05 - 5.05) - invited talk *On the design of public debate in social networks*
20. 2.03 - 11.03.2023 : visit at Deakin Business School, Deakin University, Melbourne, invited seminar *On the design of public debate in social networks* (6.03.2023)

21. 16.01 - 19.01.2023 : visit at Bielefeld University (Gender-guest professorship), invited lectures *A literature overview on gender and influence/conformity/anticonformity* (17.01.2023) and *Networking - A key competence* (18.01.2023)
22. 24.11 - 25.11.2022 : Workshop ‘Cooperative models in games and social choice’, Besançon, invited talk *On the design of public debate in social networks*
23. 14.11 - 15.11.2022 : Game Theory Workshop, University of Barcelona, invited talk *On the design of public debate in social networks*
24. 7.11.2022 : Parisian Game Theory Seminar, Institut Henri Poincaré, invited seminar *On the design of public debate in social networks*
25. 17.10 - 21.10.2022 : visit at Bielefeld University (Gender-guest professorship), invited seminar *On the design of public debate in social networks* (18.10.2022), interview ‘Successful researchers are sharing their experiences’ (19.10.2022), meeting with students ‘Visions, dreams and strategies’ (20.10.2022)
26. 1.09 - 2.09.2022 : Saarland Workshop in Economic Theory, Saarbruecken, invited talk: *Degree centrality and externalities in networks*
27. 31.05.2022 : Online Social Choice and Welfare Seminar, invited seminar *On the design of public debate in social networks*
28. 28.03 - 1.04.2022 : EPOC, Second Network-Wide Training event, University Paris 1 – CES, invited lecture *Mathematical models of socio-economic networks – Opinion formation and targeting in networks*
29. 3.03.2022 : CREM - University of Rennes, invited seminar *On the design of public debate in social networks*
30. 15.12 - 17.12.2021 : Workshop on ‘Aggregation across disciplines’, CY Cergy Paris Université, invited talk *On the design of public debate in social networks*
31. 19.10.2021 : Bielefeld University, invited seminar *Degree centrality and externalities in networks*
32. 8.12.2020 : SPICY seminar, Wroclaw University of Science and Technology, Poland, invited (online) lecture *Opinion formation and targeting in social networks*
33. 2.12.2020 : Kempten Autumn Talks 2020, Kempten University, Germany, invited (online) lecture *Targeting in social networks*
34. 20.01 - 22.01.2020 : visit to the Adam Smith Business School, University of Glasgow, invited talk *A model of anonymous influence with anti-conformist agents*
35. 3.12 - 7.12.2019 : visit to the Department of Economics at Virginia Tech, Blacksburg, Virginia (US)
36. 19.11.2019 : Workshop OSGAD, Centre d’Economie de la Sorbonne, invited talk *Winning coalitions in plurality voting democracies*
37. 5.11 - 12.11.2019 : visit to the Department of Mathematical Sciences at Politecnico di Torino, invited course *Targeting in social networks*

38. 5.11 - 8.11.2019 : Workshop on ‘Network Dynamics in the Social, Economic, and Financial Sciences’, Torino, invited talk *Diffusion in large networks: Is polarization possible?*
39. 3.10 - 4.10.2019 : 8th International Workshop ‘Game Theory – Economics and Mathematics’ (GEM 8), University of Southern Denmark, Odense, invited talk *Winning coalitions in plurality voting democracies*
40. 6.09 - 7.09.2019 : International Conference on Game Theory and Networks, Dibrugarh, India, invited talk *The degree ratio ranking method for directed networks*
41. 25.06 - 28.06.2019 : Summer School on ‘Preferences, Decisions and Games’, Paris, invited lecture *Opinion dynamics in networks*
42. 11.06 - 13.06.2019 : 2nd Conference on ‘Deliberation, Belief Aggregation, and Epistemic Democracy’ (DBAED II), Paris, invited talk *The aggregation function approach to diffusion, opinion formation and (anti-)conformism in networks*
43. 29.05.2019 : Alliance Summer School on ‘Research Methods in Sustainable Development’, Paris, invited lecture *Social and Economic Networks*
44. 28.03 - 29.03.2019 : Workshop INDEPTH 1 (INstitutional Design and Economic Preferences: THEory and experiments), Saint-Etienne, invited talk *Winning coalitions in plurality voting democracies*
45. 5.11 - 12.11.2018 : visit to the International Laboratory on Decision and Choice Analysis, National Research University Higher School of Economics, Moscow (Russia), invited seminar on *The degree ratio ranking method for directed networks*, and invited lecture on *Targeting in social networks*
46. 5.10 - 6.10.2018 : 7th International Workshop ‘Game Theory – Economics and Mathematics’ (GEM 7), University of Southern Denmark, Odense, invited talk *The degree ratio ranking method for directed networks*
47. 26.09.2018 : University of Kent, invited seminar *Opinion formation and targeting when persuaders have extreme and centrist opinions*
48. 20.09 - 21.09.2018 : Workshop on Game Theory, Bielefeld, invited talk *The degree ratio ranking method for directed networks*
49. 23.05 - 24.05.2018 : Workshop on Transversal Problems in Complexity, Paris Cergy, invited talk *Modeling contagion by aggregation functions*
50. 27.04 - 29.04.2018 : Workshop on Networks and Games, Belfast, invited talk *Modeling contagion by aggregation functions*
51. 19.11 - 27.11.2017 : visit to the International Laboratory on Decision and Choice Analysis, National Research University Higher School of Economics, Moscow (Russia), invited seminar on *Modeling influence with anti-conformist agents*, and invited lecture on *Dynamic network formation models with strategic interactions*
52. 3.11 - 4.11.2017 : Workshop on Networks, Seville, invited talk *A model of anonymous influence with anti-conformist agents*
53. 24.09 - 27.09.2017 : Workshop on Finance and Growth, Florence, invited talk *A model of anonymous influence with anti-conformist agents*

54. 1.09 - 2.09.2017 : Axiomatizations in Game Theory Workshop, Pecs, Hungary, invited talk *Measuring success in societies with opinion leaders*
55. 15.06 - 16.06.2017 : 4th Workshop on Cooperative Game Theory in Business Practice, Leipzig Graduate School of Management, invited talk *A model of anonymous influence with anti-conformist agents*
56. 7.06.2017 : 6th International Workshop ‘Game Theory - Economics and Mathematics’, University of Southern Denmark, Odense, invited talk *A model of anonymous influence with anti-conformist agents*
57. 30.05.2017 : University of Bielefeld, invited seminar *A model of anonymous influence with anti-conformist agents*
58. 24.03 - 01.04.2017 : visit to GERAD, Montreal, invited seminar *Competition for the access to and use of information in networks*
59. 22.03 - 23.03.2017 : Workshop MARS (Measures, Axioms, Rights and Stability in coalitions and networks), Saint-Etienne, invited talk *A model of anonymous influence with anti-conformist agents*
60. 10.11 - 19.11.2016 : visit to the University of Southern Denmark, Odense, invited seminar *Strategic influence in social networks* on 14.11.2016
61. 16.09.2016 : Workshop on Network Theory, School of Economics and Finance, Queen Mary, University of London, invited talk *Strategic influence in social networks*
62. 16.06 - 17.06.2016 : 3rd Workshop on Cooperative Game Theory in Business Practice, Leipzig Graduate School of Management, invited talk *Competition for the access to and use of information in networks*
63. 1.05 - 4.05.2016 : Toulouse Complex Network Workshop “Advanced Mathematics for Network Analysis”, invited talk *Opinion dynamics and influence networks in economics*, Luchon
64. 4.12 - 11.12.2015 : visit to GERAD, Montreal, invited seminar *Strategic influence in social networks*
65. 20.11.2015 : Seminar “Quantitative methods of group decision making”, Wroclaw (Poland), invited talk *Holdout threats of the union during wage bargaining*
66. 28.09.2015 : GATE (Lyon), invited seminar *Strategic influence in social networks*
67. 18.06 - 19.06.2015 : 2nd Workshop on Cooperative Game Theory in Business Practice, Leipzig Graduate School of Management, invited talk *Strategic influence in social networks*
68. 27.04 - 4.05.2015 : visit to the University Federico II in Naples
69. 30.03.2015 : Workshop on Networks and Cooperative Games, Free University Amsterdam, invited talk *Strategic influence in social networks*
70. 1.03 - 3.03.2015 : visit to the University of Basque Country, Bilbao, invited seminar *Strategic influence in social networks*
71. 1.12 - 7.12.2014 : visit to the International Laboratory on Decision and Choice Analysis, National Research University Higher School of Economics, Moscow (Russia)

72. 17.10.2014 : SAMM (Statistique, Analyse, Modélisation Multidisciplinaire), Paris, seminar talk *Modeling influence by aggregation functions*
73. 12.09.2014 : Workshop ‘Contagion Dynamics in Socio-economic Systems’, ISCpif, Paris, invited talk *Modeling influence and contagion by aggregation functions*
74. 5.06 - 6.06.2014 : Workshop ‘Power’, Fondation Maison des Sciences de l’Hommes, Paris, invited talk *Influence in social networks*
75. 2.03 - 2.04.2014 : visit to the University of Oregon (US), Eugene, Courtesy Professor in Economics in the College of Arts and Sciences, collaboration with Anne van den Nouweland, invited seminar *Aggregation functions in social networks: Application to influence and contagion*
76. 15.11 - 16.11.2013 : International game theory workshop in honor of Bezalel Peleg ‘Game Theory - Economics and Mathematics’, University of Southern Denmark, Odense, invited talk *An allocation rule for dynamic random network formation processes*
77. 21.10.2013 : University of Dortmund, seminar talk *Ingratiation and favoritism*
78. 27.09.2013 : Workshop on Simple Games and Beyond, Université Paris Dauphine, presentation *An allocation rule for dynamic random network formation processes*
79. 27.06.2013 : Laboratoire d’Economie Industrielle du CREST, seminar talk *A model of influence based on aggregation functions*
80. 14.12.2012 : Dutch Social Choice Group colloquium, Nijmegen, seminar talk *Modeling opinion formation and influence by aggregation functions*
81. 27.11 - 30.11.2012 : visit to the Seoul National University, Korea, invited seminar *A model of influence based on aggregation functions* (29/11/2012)
82. 14.01.2012 : EBIM Networks Workshop, Bielefeld University, presentation: *Model of influence based on aggregation functions, contagion and influence*
83. 9.12.2011 : Sixth Workshop on Economic Design and Institutions, Facultés universitaires Saint-Louis, Brussels (Belgium), invited talk *A model of influence based on aggregation functions*
84. 25.11 - 4.12.2011 : visit to the International Laboratory on Decision and Choice Analysis, National Research University Higher School of Economics, Moscow (Russia)
85. 31.03.2011 : ENSTA, Paris, seminar talk *Comment modéliser l’influence dans un réseau social* (joint with Michel Grabisch)
86. 14.02.2011 : ERIC, University of Lyon 2, seminar talk *Influence in a social network* (joint with Michel Grabisch)
87. 21.05.2010 : Social Choice Colloquium, Tilburg University, seminar talk *Different approaches to influence*
88. 1.03.2010 : CREM, University of Caen, seminar talk *A model of influence with a continuum of actions*
89. 1.10 - 3.10.2009 : International Meeting “New Trends in Cooperative Game Theory”, Sanlúcar de Barrameda, an invited talk *Influence functions, followers and command games*

90. 5.06.2008 : University of Milan, Department of Econometrics and Mathematics for Economic, Financial and Actuarial Applications, seminar talk *A model of influence in a social network*
91. 18.10.2007 : CREUSET (CNRS FRE 2938), Saint-Etienne, seminar talk *On influence and power indices*
92. 6.03.2006 : CERMSEM (Centre de Recherche en Mathématique, Statistique et Economie Mathématique - Université Paris I), seminar talk *Measures of success and power for bipartite directed graphs in binary voting situations*
93. 17.11.2005 : visit to the Institute for Logic, Language and Computation, University of Amsterdam - presentation: *An interdisciplinary approach to coalition formation*
94. 26.09 - 2.10.2004 : Short Term Scientific Mission, visit to the Christian-Albrechts-University of Kiel, Institute of Computer Science and Applied Mathematics, Kiel (Germany) - cooperation with Rudolf Berghammer
95. 2.04.2004 : visit to the Tinbergen Institute, Amsterdam - presentation: *Consensus reaching in coalition formation and committees*
96. 29.03 - 30.03.2004 : visit to the School of Management of the University of Liverpool - cooperation with Frank Steffen
97. 18.03 - 19.03.2004 : visit to the Department of Economics of the University of Vienna - presentation: *Bargaining problems with non-stationary preferences of the players*
98. 8.03.2004 : visit to the Center for Operations Research and Econometrics (CORE), Université Catholique de Louvain (Belgium) - presentation: *Generalizing and modifying the Hoede-Bakker index*, and *Bargaining problems with non-stationary preferences of the players*
99. 20.01 - 22.01.2004 : Short Term Scientific Mission, visit to the Faculté Polytechnique de Mons, Mons (Belgium) - cooperation with Marc Roubens
100. 8.12 - 10.12.2003 : Short Term Scientific Mission, visit to the Faculté Polytechnique de Mons, Mons - cooperation with Marc Roubens
101. 3.06 - 10.06.2003 : Short Term Scientific Mission, visit to the Abo Akademi University, Department of Computer Science, Abo/Turku (Finland) - cooperation with Patrik Eklund and Hannu Nurmi
102. 19.03 - 20.03.2002 : visit to the University of California in Irvine - visit to Prof. Don Saari and Prof. Berni Grofman
103. 26.11 - 28.11.2001 : visit to the University of Twente, Enschede (the Netherlands) - presentation: *Voting power paradoxes in Dutch politics (empirical research)*
104. 11.11 - 18.11.1999 : visit to CentER for Economic Research at Tilburg University, Tilburg (the Netherlands) - presentation: *Subgame perfect equilibria in certain bargaining models*

## 17 Regular Presentations at Conferences and Workshops

1. 29.06 - 05.07.2025 : 24th Meeting of the Society for the Advancement of Economic Theory (SAET 2025), Ischia, paper: Dynamic network formation with farsighted players and limited capacities
2. 16.06 - 18.06.2025 : 20th European Meeting on Game Theory (SING20), Maastricht, paper: Efficiency versus fairness in link recommendation algorithms
3. 11.04 - 13.04.2025 : Conference on Network Science and Economics 2025, Stanford, paper: Dynamic network formation with farsighted players and limited capacities
4. 19.08 - 22.08.2024 : 7th World Congress of the Game Theory Society (GAMES 2024), Beijing, paper: A dynamic analysis of criminal networks
5. 8.07 - 10.07.2024 : 19th European Meeting on Game Theory (SING19), Besançon, paper: Power in plurality games
6. 3.07 - 6.07.2024 : International Meeting of the Society for Social Choice and Welfare, Paris, paper: Network-based allocation of responsibility for GHG emissions
7. 23.05 - 24.05.2024 : 27th Coalition Theory Network Workshop, Budapest, paper: Competing for influence: An experiment on multi-agent network targeting
8. 19.04 - 21.04.2024 : Conference on Network Science and Economics 2024, Minneapolis, paper: Network-based allocation of responsibility for GHG emissions
9. 11.01 - 12.01.2024 : International Conference of the Association for Public Economic Theory (PET 2023), Santiago (Chile), paper: A dynamic analysis of criminal networks
10. 8.01 - 10.01.2024 : 23rd Meeting of the Society for the Advancement of Economic Theory (SAET 2024), Santiago (Chile), paper: Competing for influence: An experiment on multi-agent network targeting
11. 17.07 - 21.07.2023 : 22nd Meeting of the Society for the Advancement of Economic Theory (SAET 2023), Paris, paper: A dynamic analysis of criminal networks
12. 26.06 - 28.06.2023 : 18th European Meeting on Game Theory (SING18), Messina, paper: Competing for influence: Insights from a multi-agent targeting experiment
13. 7.07 - 9.07.2022 : XXX European Workshop on Economic Theory (EWET), Warsaw, paper: On the design of public debate in social networks
14. 23.06 - 25.06.2022 : International Meeting of the Society for Social Choice and Welfare, Mexico City, paper: On the design of public debate in social networks
15. 8.06 - 10.06.2022 : International Conference of the Association for Public Economic Theory (PET 2022), Marseille, paper: On the design of public debate in social networks
16. 18.03 - 19.03.2022 : Conference on Network Science and Economics 2022, Chicago, paper: On the design of public debate in social networks
17. 19.07 - 23.07.2021 : 6th World Congress of the Game Theory Society (GAMES 2020), Budapest, participation online, paper: Diffusion in large networks

18. 11.07 - 14.07.2021 : 31st European Conference of Operational Research (EURO 2021), Athens, participation online, paper: Degree centrality and externalities in networks
19. 30.06 - 2.07.2021 : 16th European Meeting on Game Theory (SING16), Granada, participation online, paper: Degree centrality and externalities in networks
20. 8.07 - 11.07.2019 : International Conference of the Association for Public Economic Theory (PET 2019), Strasbourg, paper: Winning coalitions in plurality voting democracies
21. 30.06 - 6.07.2019 : 19th Meeting of the Society for the Advancement of Economic Theory (SAET 19), Ischia, paper: The degree ratio ranking method for directed networks
22. 5.02 - 8.02.2019 : 38th Linz Seminar on Fuzzy Set Theory, Linz, paper: Winning coalitions in plurality voting democracies
23. 08.07 - 11.07.2018 : 29th European Conference of Operational Research (EURO 2018), Valencia, paper: Opinion formation and targeting when persuaders have extreme and centrist opinions
24. 14.06 - 17.06.2018 : XIV International Meeting of the Society for Social Choice and Welfare, Seoul, South Korea, paper: Bargaining foundation for ratio equilibrium in public good economies
25. 6.06 - 8.06.2018 : 19th meeting of the Association for Public Economic Theory (PET 2018), Hue, Vietnam, paper: Bargaining foundation for ratio equilibrium in public good economies
26. 13.04 - 15.04.2018 : Fourth Annual NSF Conference on Network Science in Economics, Vanderbilt University, Nashville, USA, paper: Opinion formation and targeting when persuaders have extreme and centrist opinions
27. 29.01 - 2.02.2018 : FSTA 2018 (14th International Conference on Fuzzy Set Theory and Applications), Liptovsky Jan, Slovak Republic, paper: Modeling contagion by aggregation functions
28. 10.07 - 13.07.2017 : 18th meeting of the Association for Public Economic Theory (PET 17), Paris, paper: The degree measure as a utility function for positions in weighted networks
29. 5.07 - 7.07.2017 : SING13 (European Meeting on Game Theory), Paris, paper: Modeling contagion by aggregation functions
30. 25.06 - 30.06.2017 : 17th Meeting of the Society for the Advancement of Economic Theory (SAET 17), Faro, paper: The degree measure as a utility function for positions in weighted networks
31. 11.05 - 12.05.2017 : XXII Coalition Theory Network Workshop, Glasgow, paper: Centrality measures as utility functions for positions in networks
32. 28.04 - 30.04.2017 : Third Annual NSF Conference on Network Science in Economics, Saint Louis (USA), paper: Centrality measures as utility functions for positions in networks
33. 25.08 - 28.08.2016 : SCIS & ISIS 2016, Sapporo, Japan, paper: Iterating influence in social networks

34. 24.07 - 28.07.2016 : GAMES 2016 (The 5th World Congress of the Game Theory Society), Maastricht, NL, paper: Strategic influence in social networks
35. 11.07 - 13.07.2016 : SING12 (European Meeting on Game Theory), Odense, Denmark, paper: Centrality measures as utility functions for positions in networks
36. 28.06 - 1.07.2016 : XIII International Meeting of the Society for Social Choice and Welfare, Lund, Sweden, paper: Competition for the access to and use of information in networks
37. 10.06 - 11.06.2016 : 7th Workshop on Dynamic Games in Management Science, ESSEC Business School, Paris, paper: Ingratiation and favoritism in organizations
38. 24.01 - 29.01.2016 : FSTA 2016 (13th International Conference on Fuzzy Set Theory and Applications), Liptovsky Jan, Slovak Republic, paper: Strategic influence in social networks
39. 14.12 - 16.12.2015 : OSE - Journées de la Direction Thématique 4: “Fondements des comportements individuels, stratégiques et sociaux”, Aussois, presentation: Competition for the access to and use of information in networks
40. 27.07 - 31.07.2015 : 15th Meeting of the Society for the Advancement of Economic Theory (SAET 15), Cambridge, paper: Competition for the access to and use of information in networks
41. 8.07 - 10.07.2015 : SING11, Saint Petersburg, paper: Ingratiation and favoritism in organizations
42. 1.07 - 4.07.2015 : XVI Annual Conference of the Association for Public Economic Theory (PET 15), Luxembourg, paper: Strategic influence in social networks
43. 19.08 - 22.08.2014 : 14th Meeting of the Society for the Advancement of Economic Theory (SAET 14), Tokyo, paper: Modeling ingratiation and favoritism
44. 7.07 - 9.07.2014 : SING10 (X Spain Italy Netherlands Meeting on Game Theory), Cracow (Poland), paper: An allocation rule for dynamic random network formation processes
45. 30.06 - 1.07.2014 : XXIII European Workshop on General Equilibrium Theory, Paris, paper: A degree-distance-based connections model with negative and positive externalities
46. 18.06 - 21.06.2014 : XII International Meeting of the Society for Social Choice and Welfare, Boston (US), paper: An allocation rule for dynamic random network formation processes
47. 9.09 - 11.09.2013 : 6th Transatlantic Theory Workshop, Oxford, paper: An allocation rule for dynamic random network formation processes
48. 22.07 - 27.07.2013 : 13th Meeting of the Society for the Advancement of Economic Theory (SAET 13), Paris, paper: A degree-distance-based connections model with negative and positive externalities
49. 8.07 - 10.07.2013 : SING9 (IX Spain Italy Netherlands Meeting on Game Theory), Vigo (Spain), paper: Ingratiation and favouritism
50. 5.07 - 7.07.2013 : XIV Annual Conference of the Association for Public Economic Theory (PET13), Lisbon, paper: Ingratiation and favouritism

51. 1.07 - 4.07.2013 : EURO / INFORMS, 26th European Conference on Operational Research, Rome, paper: Computing tournament solutions using relation algebra and RelView
52. 26.02 - 2.03.2013 : 34th Linz Seminar on Fuzzy Set Theory, Linz, paper: Modeling influence by aggregation functions
53. 8.02 - 9.02.2013 : XVIII Coalition Theory Network Workshop, Warwick, paper: A model of ingratiation and favouritism
54. 9.01 - 11.01.2013 : International Symposium on Applied Optimization and Game-Theoretic Models, Indian Statistical Institute, Delhi, paper: Lattices in social networks with influence
55. 5.12 - 7.12.2012 : OSE - Journées de la Direction Thématique 4: “Fondements des comportements individuels, stratégiques et sociaux”, Aussois, presentation: Dynamic networks and the network approach to interactions
56. 22.07 - 26.07.2012 : GAMES 2012 (The 4th World Congress of the Game Theory Society), Istanbul, paper: A model of influence based on aggregation functions
57. 16.07 - 18.07.2012 : SING8 (VIII Spain Italy Netherlands Meeting on Game Theory), Budapest, paper: Connections models with negative externalities
58. 12.06 - 14.06.2012 : XIII Annual Conference of the Association for Public Economic Theory (PET12), Taipei, Taiwan, paper: A model of influence based on aggregation functions
59. 3.05 - 4.05.2012 : SSEAC Workshop on Social Choice and Social Software, Kiel, paper: Connections models with negative externalities
60. 23.01 - 25.01.2012 : First Caribbean Game Theory Conference, Curacao, paper: A dynamic model of influence based on aggregation functions
61. 15.09 - 18.09.2011 : LogICCC Final Conference (European Science Foundation, EURO-CORES Programme), Berlin, paper: Influence and centrality
62. 18.07 - 20.07.2011 : SING7 (VII Spain Italy Netherlands Meeting on Game Theory), Paris, paper: A dynamic model of influence in social networks based on aggregation functions
63. 26.06 - 1.07.2011 : 11th Meeting of the Society for the Advancement of Economic Theory (SAET 11), Faro, Portugal, paper: A dynamic model of influence based on aggregation functions
64. 2.05 - 6.05.2011 : ICFCA 2011 (9th International Conference on Formal Concept Analysis), Nicosia, Cyprus, paper: Lattices in social networks with influence
65. 15.03 - 16.03.2011 : Second International Workshop ‘Models of Influence and Network Theory’ (MINT2), Saint Etienne, paper: Measuring power and satisfaction in societies with opinion leaders: An axiomatization
66. 2.03 - 4.03.2011 : ROADEF 2011 (XII Congrès Annuel de la Société Française de Recherche Opérationnelle et d’Aide à la Décision), Saint Etienne, paper: Wage bargaining with non-stationary preferences under strike decision

67. 4.02 - 5.02.2011 : XVI Coalition Theory Network Workshop, Barcelone, paper: Iterating influence in a social network
68. 09.09 - 10.09.2010 : 59ème Congrès Annuel de l'AFSE, Université Paris X - Nanterre, paper: A model of influence with a continuum of actions
69. 21.07 - 24.07.2010 : X International Meeting of the Society for Social Choice and Welfare, Moscow (Russia), paper: A model of influence with a continuum of actions
70. 07.07 - 09.07.2010 : SING6 (Sixth Spain Italy Netherlands Meeting on Game Theory), Palermo, paper: Iterating influence between players in a social network
71. 2.07 - 4.07.2010 : Warsaw International Economic Meeting (WIEM2010), Warsaw, paper: A relation-algebraic approach to simple games
72. 8.06 - 9.06.2010 : SSEAC Workshop on Voting and Allocation Systems, Åland (Finland), paper: Measuring influence among players with a continuum of actions
73. 8.10 - 9.10.2009 : International Conference 'Regions, Firms and Institutions in the World Economy', Warsaw School of Economics, paper: Competition and welfare in integrated regions
74. 10.09 - 11.09.2009 : 58ème Congrès Annuel de l'AFSE, Université Paris X - Nanterre, paper: Measuring power and satisfaction in societies with opinion leaders
75. 26.08 - 29.08.2009 : International Conference 'Logic, Game Theory and Social Choice 6', Tsukuba (Japan), paper: Measuring power and satisfaction in societies with opinion leaders: Dictator and opinion leader properties
76. 5.07 - 8.07.2009 : EURO XXIII (XXIII European Conference on Operational Research), Bonn (Germany), paper: Applying relational algebra and RelView to measures in a social network
77. 01.07 - 03.07.2009 : SING5 (Fifth Spain Italy Netherlands Meeting on Game Theory), Amsterdam (NL), paper: A model of influence with a continuum of actions
78. 25.05 - 26.05.2009 : International Workshop 'New Approaches to Voting and Social Choice', Tilburg, The Netherlands, paper: Influence functions, followers and command games
79. 1.04 - 2.04.2009 : Research Meeting 'Computational Social Choice and Social Software', GATE, paper: Applying Relational Algebra, RelView and Graph Theory to Coalition Formation
80. 1.09 - 4.09.2008 : XXXII Congress of AMASES (Associazione per la Matematica Applicata alle Scienze Economiche e Sociali), Trento (Italy), paper: Measuring influence in a social network
81. 13.07 - 17.07.2008 : Third World Congress of the Game Theory Society (GAMES2008), Evanston (USA), paper: Measuring influence in command games
82. 4.07 - 6.07.2008 : Warsaw International Economic Meeting (WIEM2008), Warsaw, paper: Measuring influence among players with an ordered set of possible actions

83. 26.06 - 28.06.2008 : SING4 (Fourth Spain Italy Netherlands Meeting on Game Theory), Wroclaw (Poland), **organizing the session** ‘Influence and Power in Networks’ (parts I and II); paper: A model of influence and command games
84. 19.06 - 22.06.2008 : IX International Meeting of the Society for Social Choice and Welfare, Montreal (Canada), paper: An influence model and command games
85. 8.07 - 11.07.2007 : EURO XXII (XXII European Conference on Operational Research), Prague, paper: Generalized influence indices
86. 4.07 - 6.07.2007 : SING3 (Third Spain Italy Netherlands Meeting on Game Theory), Madrid, paper: The role of policy flexibility and party strength in coalition formation - an analysis of Dutch elections
87. 20.06 - 22.06.2007 : International Conference ‘Logic, Game Theory and Social Choice 5’, Bilbao (Spain), paper: Coalition formation: the role of procedure and policy flexibility
88. 25.10 - 27.10.2006 : 2nd CSA International Workshop ‘Co-operation as driver for innovation’, Nijmegen, paper: On some procedures of forming a multi-partner alliance
89. 25.10 - 28.10.2006 : DIMACS-LAMSADE Workshop on Voting Theory and Preference Modelling, Paris, paper: On influence and power indices
90. 21.09 - 23.09.2006 : 13th Osnabrueck Seminar of Individual Decisions and Social Choice, Osnabrueck (Germany), paper: An interdisciplinary approach to coalition formation
91. 13.07 - 17.07.2006 : VIII International Meeting of the Society for Social Choice and Welfare, Istanbul (Turkey), paper: On influence and power indices
92. 14.06 - 17.06.2006 : SING2 (Second Spain Italy Netherlands Meeting on Game Theory) and XVI IMGTA, Foggia (Italy), paper: Comparing different procedures of forming a coalition
93. 7.02 - 11.02.2006 : 27th Linz Seminar on Fuzzy Set Theory, ‘Preferences, Games and Decisions’, Linz (Austria), paper: An interdisciplinary approach to coalition formation
94. 19.01 - 21.01.2006 : XI Coalition Theory Network Workshop, University of Warwick, Coventry (UK), paper: Graph theory, RelView and coalitions
95. 11.07 - 15.07.2005 : the 17th Triennial Conference of the International Federation of Operational Research Societies (IFORS 2005), Honolulu, Hawaii (USA), **organizing a session** ‘Coalition and Alliance Formation’ (part I and II)
96. 11.07 - 15.07.2005 : the 17th Triennial Conference of the International Federation of Operational Research Societies (IFORS 2005), Honolulu, Hawaii (USA), paper: Applying relational Algebra and RelView to coalition formation
97. 24.06 - 26.06.2005 : First Spain Italy Netherlands Meeting on Game Theory, Maastricht (NL), paper: On some procedures of forming a coalition
98. 22.06 - 24.06.2005 : International Conference ‘Logic, Game Theory and Social Choice 4’, Caen (France), papers: Measures for bipartite directed graphs using success and power in binary voting situations and On some procedures of forming a coalition

99. 30.03 - 1.04.2005 : Workshop of COST Action 274/TARSKI, Malaga (Spain), paper: Applying relational Algebra and RelView to coalition formation
