CURRICULUM VITAE

September 2017

1   Personal Data

First name - Agnieszka, *Family name* - Rusinowska
Date and place of birth - February 21st 1969; Milanówek (Poland)
Nationality - Polish

2   Scientific Position and Affiliation

Directrice Adjointe au Centre d'Economie de la Sorbonne

Directeur de Recherche 2ème classe (DR2) / Research Professor
HDR (Habilitation à Diriger des Recherches)

CNRS, Centre d'Economie de la Sorbonne
106-112, Boulevard de l'Hôpital, 75647 Paris Cedex 13, France
E-mail: agnieszka.rusinowska@univ-paris1.fr
Webpage: http://ces.univ-paris1.fr/membre/Rusinowska/
Fax: (+33) 1 44 07 83 01, Tel.: (+33) 1 44 07 82 12

Paris School of Economics (associated member)

3   Research Topics

Game Theory, Social Choice Theory, Operations Research: Social and Economic Networks, Coalitions, Alliances, Influence, Voting Power, Bargaining Theory, Elections

4   Languages

Polish - native; English, French - fluent; Dutch, Russian - passive; German - basic level

5   Professional Membership

Game Theory Society, Society for Social Choice and Welfare, Coalition Theory Network

6   Scientific and Organizational Responsibilities

- since November 2016 : Directrice Adjointe du CES

- since January 2014 : Member of the Management Board of CES (Comité de Direction du CES)

- since March 2014 : Member of the Council of CES (Conseil d'Unité du CES)

- since 2014 : Member of the Scientific Advisory Board at CES (Comité Consultatif Scientifique du CES)

- since 2014 : Member of the Scientific Council of ADRES (Conseil Scientifique de l'Association for the Development of Research in Economics and Statistics)

- 03/2013 - 09/2017 : Director of the research group (section) *Theoretical Microeconomics* (earlier name *Mathematical Economics and Games)* at CES (over 20 permanent members, about 30 Ph.D. students)

- 11/2011 - 10/2016 : Member of the CoNRS (National Committee for Scientific Research / Comité National de la Recherche Scientifique), Section 37 (Economie et Gestion / Economics and Management), http://www.cnrs.fr/comitenational/sections/section37.htm

- 2007 - 2011 : Member of the CNU (National Council of Universities / Conseil National des Universités) Section 5 (Economics), assesseur (1 year since May 2010)

- since 2013 : Local Coordinator for CES at the CTN (Coalition Theory Network) http://www.feem-web.it/ctn/

- since July 2016 : SING Country (France) Co-representative (European Meetings on Game Theory - annual)

- Coordinator of the research group on Networks and Cooperative Games at CES (over 10 members)

- 2007 - 2009 : Coordinator of the External Research Seminars at GATE (Ecully - Lyon)

- Editorial Responsibilities:

    - Associate Editor of the *International Game Theory Review* (since 2011)

    - Member of the Editorial Board of the *Journal of the College of Economic Analyses*, Warsaw School of Economics (since 2013)

    - Member of the Editorial Board of the *Decisions* (*Decyzje*), Kozminski University, Warsaw (since Autumn 2016)

    - Member of the Editorial Review Board of the *International Journal of Information Systems and Social Change* (since 2009)

    - Invited co-editor of the Special SING7 Issue of the *Annals of Operations Research* (2011 - 2014)

    - Invited co-editor of the special SING4 Issue of the *Operation Research and Decisions* (2008 - 2009)

- Member of the following recruitment and evaluation committees:

    – April-May 2017 : Université Paris I Panthéon-Sorbonne - 2 posts MCF, Université Paris II - post MCF, Université de Nice Sophia-Antipolis - post PR

    – June 7, 2016 : CNRS, INSHS, member of the jury d'admission (posts CR2/CR1)

    – April-May 2015 : Université Paris I Panthéon-Sorbonne - posts PR; Université J. Monnet de Saint-Etienne - post PR, post MCF; Université Paris Nanterre - post MCF

– October 2, 2014 : Université Franche-Comté, Besançon, Campagne PEDR 2014, president of the group 11 (section CNU 05-06, Economics and Management)

– April-May 2014 : Université Paris I Panthéon-Sorbonne - posts MCF, president of the committee

– April-May 2014 : Université Paris I Panthéon-Sorbonne - posts PR

– January 14, 2014 : AERES evaluation committee of THEMA, CNRS expert

– December 4, 2013 : AERES evaluation committee of GREG - HEC, AERES expert

– April 2012 : Université J. Monnet de Saint-Etienne - post PR

– May and June 2009 : Université Paris I Panthéon-Sorbonne - posts MCF

– April 2009 : Université J. Monnet de Saint-Etienne - post MCF

- <u>Conferences and Workshops Organization, Program Committees:</u>

  - Organizer of the invited sessions 'Social and Economic Networks' for SAET 17 (17th Meeting of the Society for the Advancement of Economic Theory), June 25-30, 2017, Faro

  - Organizer of the 'Workshop on networks: dynamics, information, centrality, and games', May, 17-18, 2017, CES, Paris

  - Member of the Program Committee of the 2017 ADRES Conference, February 27-28, 2017, Toulouse

  - Member of the Program Committee of the Latin American Meetings of the Econometric Society (LAMES 2016), November 10-12, 2016, Medellin, Columbia

  - Organizer of the Workshop 'Strategic interactions, information transmission and externalities in networks', May, 24-25, 2016, CES, Paris

  - Member of the Program Committee of CEAFE 2016 (Sixth Euro-African Conference in Finance and Economics), March 31 - April 1, 2016, Marseille

  - Member of the Program Committee of the 15th International Conference on Relational and Algebraic Methods in Computer Science (RAMiCS 2015), September 28 - October 1, 2015, Braga, Portugal

  - Co-organizer of the ETSG 2015 (The European Trade Study Group Conference), September 10-12, 2015, Paris

  - Organizer of the invited session 'Social Networks' for SAET 15, July 27-31, 2015, Cambridge

  - Member of the Program Committee of the Annual Conference of the Association for Public Economic Theory (PET15), organizer of invited sessions, July 2-4, 2015, Luxembourg

  - Co-organizer (chair) of the 2015 Doctoral Conference of the Association for the Development of Research in Economics and Statistics (ADRES), February 27-28, 2015, CES, Paris

  - Co-organizer of the Workshop on Dynamic Networks, December 15, 2014, CES, Paris

  - Organizer of the invited session 'Social Networks' for SAET 14, August 19-21, 2014, Tokyo

  - Member of the Program Committee of the Annual Conference PET14, July 11-13, 2014, Seattle, US

- Member of the Program Committee of SING10 (X Spain Italy Netherlands Meeting on Game Theory), organizer of the invited sessions 'Dynamic Networks and Cooperative Games', July 7-9, 2014, Cracow, Poland
- Co-organizer of the International Workshop on Dynamic Interactions, June 11, 2014, CES, Paris
- Member of the Program Committee of CEAFE 2014 (Fifth Euro-African Conference in Finance and Economics), April 24-26, 2014, Agadir, Maroc
- Co-organizer of the International Workshop 'Network Dynamics and Public Goods', January 24, 2014, Paris
- Member of the Scientific Committee of DIET 2013 (International Conference on Dynamic Interaction and Economic Theory), organizer of the invited session 'Dynamic Economic Networks', December 16-17, 2013, Paris
- Organizer of the invited session 'Models of Influence and Network Theory' for SAET 13 (13th Meeting of the Society for the Advancement of Economic Theory), July 22-27, 2013, Paris
- Member of the Program Committee of SING9, July 8-10, 2013, Vigo, Spain
- Member of the Program Committee of the Annual Conference PET13, organizer of the invited session MINT, July 5-7, 2013, Lisbon, Portugal
- Member of the Program Committee of SING8, organizer of the MINT invited sessions, July 16-18, 2012, Budapest
- Member of the Program Committee of the Annual Conference PET12, organizer of the invited sessions, June 12-14, 2012, Taipei, Taiwan
- Co-organizer of the Third International Workshop 'Models of Influence and Network Theory' (MINT3), May 14-15, 2012, Centre d'Economie de la Sorbonne, Paris
- Co-organizer of the CTN17 (17th Workshop of the Coalition Theory Network), February 3-4, 2012, CES, Paris
- Member of the Program Committee of the 60th Annual Congress of AFSE, Chair of a session *Décision*, September 8-9, 2011, Paris
- Vice-chair of the organizing committee of SING7 (Seventh Spain Italy Netherlands Meeting on Game Theory), July 18-20, 2011, Paris
- Organizer of the invited session MINT ('Models of Influence and Network Theory', Parts 1 & 2) for SING7 conference, July 18-20, 2011, Paris
- Co-organizer of the invited session 'Cooperative Games, Communication and Influence' (Parts 1 & 2) for SAET 11, June 26 - July 1, 2011, Faro, Portugal
- Member of the Program Committee of RAMiCS12 (12th International Conference on Relational and Algebraic Methods in Computer Science), May 30 - June 3, 2011, Rotterdam
- Organizer of the Second MINT Seminar 'Models of Influence and Network Theory', May 19, 2011, Centre d'Economie de la Sorbonne, Paris
- Organizer of the MINT Seminar 'Models of Influence and Network Theory', October 15, 2010, Centre d'Economie de la Sorbonne, Paris
- Organizer of the First International Workshop 'Models of Influence and Network Theory' (MINT1), February 15-16, 2010, GATE (Ecully - Lyon)

- Co-organizer of the 2010 Doctoral Conference of the Association for the Development of Research in Economics and Statistics (ADRES), January 22-23, 2010, GATE (Ecully - Lyon)
- Organizer of the Research Meeting 'Computational Social Choice and Social Software', April 1-2, 2009; GATE (Ecully - Lyon)
- Co-organizer of the International Workshop 'Games and Social Choice', September 24-25, 2008; GATE (Ecully - Lyon)
- Member of the organizing committee of SING4 (Fourth Spain Italy Netherlands Meeting on Game Theory), June 26-28, 2008; Wroclaw (Poland)

7 Scientific Expertises, Review Services

Scientific expertises for:

Université Paris 1 Panthéon-Sorbonne, F.R.S.-FNRS (Fonds de la Recherche Scientifique, Belgium), ANR (Agence Nationale de la Recherche, France), Université Libre de Bruxelles (Belgium), The Leverhulme Trust (UK), EMLyon (France)

Refereeing for the following international journals (> 30):

Advances in Complex Systems – Annales d'Economie et Statistique – Annals of Operations Research – Bulletin of Economic Research – Central European Journal of Operations Research – Decisions – Dynamic Games and Applications – Econometrica – Economic Journal – European Journal of Operational Research – Fuzzy Sets and Systems – Games – Games and Economic Behavior – Group Decision and Negotiation – Homo Oeconomicus – Information Sciences – International Economic Review – International Game Theory Review – International Journal of Game Theory – International Journal of Information Systems and Social Change – Journal of Applied Non-Classical Logics – Journal of Economic Behavior & Organization – Journal of Economic Dynamics & Control – Journal of Logic and Algebraic Programming – Journal of Mathematical Analysis and Applications – Journal of Public Economic Theory – Mathematical Social Sciences – Network Science – Operations Research and Decisions – Operations Research Letters – 4OR - A Quarterly Journal of Operations Research – RAIRO / Recherche Opérationnelle – Revue d'Economie Politique – Social Choice and Welfare – Theory and Decision – Zentralblatt MATH

Polish Journals: Banach Center Publications, Decisions, Journal of the College of Economic Analyses (Warsaw School of Economics)

8 Education and Professional Qualifications

- **Habilitation à Diriger des Recherches** (HDR) obtained at GATE - Université Lumière Lyon 2, Ecully (Lyon), France
  - *Title*: Models of bargaining, coalition formation, voting power and influence
  - *Date of award*: 24.09.2008
  - *Committee members*: Francis Bloch (president of the committee), Abhinay Muthoo, Jean-Louis Rullière (referee), Donald G. Saari (referee), Maurice Salles (referee), Stef Tijs

- Ph.D. Thesis in Economics submitted at the Warsaw School of Economics (WSE), Warsaw, Poland

- *Title*: Bargaining problem with non-stationary preferences of players
- *Supervisor*: Prof. Dr Honorata Sosnowska (WSE)
- *Date of award*: 20.06.2000
- obtained **Rector Award** for Ph.D. thesis

- 1995 - 1996 : Postgraduate Studies in Computer Sciences (3 terms) in the Department of Mathematics, Computer Sciences and Mechanics at the Warsaw University
  - *Title of Dissertation*: Exponential and logarithmic functions
  - *Supervisor*: Prof. Dr Janusz Jabłonowski (Warsaw University)
  - *Date of award*: 26.11.1996

- 1994 - 1995 : doctoral studies in the Collegium of Economic Analyses at the Warsaw School of Economics; passed the doctoral exam in Economics

- 1988 - 1993 : graduate university studies in the Department of Mathematics, Computer Sciences and Mechanics at the Warsaw University
  - *Title of Master's Thesis*: Approximation with algebraic and trigonometric polynomials
  - *Supervisor*: Prof. Dr. Zbigniew Sawoń (Warsaw University)
  - *Date of award*: 7.07.1993

9 Employment History and Research Experience (Projects)

1. since 2017 - Member of the European Joint Doctorates Programme, Project *ExSIDE - Expectations and Social Influence Dynamics in Economics*, Horizon 2020 Programme, 48 months

2. 10/2014 - 10/2018 : Member of the ANR (Agence Nationale de la Recherche, Programme Blanc) Project *CoCoRICoCoDEC - Complexity, Computation, Rationality and Incentives in Cooperative Collective DECision Making*

3. 02/2014 - 02/2018 : Member of the ANR Project *DynaMITE - Dynamic Matching and Interactions: Theory and Experiments*, Participating institutions: CES, GATE Lyon St Etienne, Ecole Polytechnique

4. 2014 - 2017 : Member of the European Project SIMPOL (Financial Systems Simulation and Policy Modeling)

5. 10/2009 - 10/2013 : **Project coordinator** of the ANR project (Programme Blanc) *MINT - Models of Influence and Network Theory*, Participating institutions: CES (University of Paris 1), GATE Lyon St Etienne (CNRS - University of Lyon, University of Saint-Etienne), Dutch Group of Social Choice Theory, 200 000 Euro

6. 2008 - 2011 : Eurocores LogICCC project of the European Science Foundations *Social software for elections, the allocation of tenders and coalition/alliance formation*, collaboration with researchers of Tilburg University, University of Kiel, University of Turku, Valladolid University

7. since December 2011 - present : associated researcher at Paris School of Economics

8. 1.10.2011 - present : CNRS, Centre d'Economie de la Sorbonne (CES), Université Paris 1 Panthéon-Sorbonne, Position: **Directeur de Recherche 2ème classe (DR2)**

9. 1.04.2010 - 30.09.2011 : CNRS, CES, Université Paris 1 Panthéon-Sorbonne, Position: Chargée de Recherche 1ère classe (CR1)

10. 1.03.2007 - 31.03.2010 : CNRS, GATE, University of Lyon 2, Position: Chargée de Recherche, CR1

11. 1.05.2006 - 28.02.2007 : Radboud University Nijmegen, Nijmegen School of Management, The Netherlands, Assistant Professor

12. 1.09.2004 - 30.04.2006 : Radboud University Nijmegen, Nijmegen School of Management, The Netherlands, Post-doctoral research position, working on the research project *Applying Game Theory to Business Science*

13. 2003 - 2005 : collaboration within the COST Action 274, TARSKI (Theory and Applications of Relational Structures as Knowledge Instruments), collaboration with: Harrie de Swart (Tilburg University), Rudolf Berghammer (University of Kiel), Patrik Eklund (University of Turku), Marc Roubens (Faculté Polytechnique de Mons), Michel Grabisch (Université Paris I Panthéon-Sorbonne)

14. 1.12.2002 - 31.08.2004 : Tilburg University, The Netherlands, Post-doctoral research position, working on the research project *Coalition Formation and Power Indices*

15. 1.12.2000 - 30.11.2002 : Tilburg University, Marie Curie Fellowship, working on the research project *Elections and Coalition Formation in Central and Western Europe*

16. 1.10.2000 - 30.09.2010 : Warsaw School of Economics, Institute of Econometrics/Department of Mathematical Economics, position: Associate Professor (adiunkt), on sabbatical

17. 1.10.1998 - 30.09.1999 : Central and East European Economic Research Center (CEEERC), Warsaw University, Department of Economics, research scholarship, working on the research project *Bargaining Problem with Non-stationary Time Preferences of the Players*

18. 1.10.1997 - 30.09.1999 : a group grant of the (Polish) State Committee for Scientific Research *Collective Decision-making*

19. 1.10.1995 - 30.09.2000 : Warsaw School of Economics, Institute of Econometrics, position: Teaching and Research Assistant (Assistant Professor), research on Game Theory and Mathematical Economics

20. 1.10.1994 - 30.09.1995 : Warsaw School of Economics, Institute of Econometrics, position: Ph.D. student and Teaching Assistant, research on Game Theory and Mathematical Economics

21. 1.09.1993 - 31.08.1994 : Secondary School in Podkowa Lesna (Poland), teacher of Mathematics

10 Teaching Experience

1. January - February 2017 : Université Paris 1 (Master 2) - Théorie des réseaux et applications (9 hours, course of 18 hours - joint with Emily Tanimura)

2. January - February 2016 : Université Paris 1 (Master 2) - Théorie des réseaux et applications (9 hours, course of 18 hours - joint with Emily Tanimura)

3. April 28-30, 2015 : University Federico II in Naples, Mini-course on 'Network Dynamics and Public Goods' (joint with Nizar Allouch)

4. March - April 2015 : Université Paris 1 (Course for Ph.D. students) - Social and Economic Networks (9 hours, course of 21 hours - joint with Michel Grabisch and Emily Tanimura)

5. January - February 2015 : Université Paris 1 (Master 2) - Théorie des réseaux et applications (9 hours, course of 18 hours - joint with Emily Tanimura)

6. December 2014 : National Research University Higher School of Economics, Moscow, Mini-course 'Strategic Network Formation and Network Allocation Rules' (5 hours)

7. January - February 2014 : Université Paris 1 (Master 2) - Théorie des réseaux et applications (9 hours, course of 18 hours - joint with Emily Tanimura)

8. December 2013 : Paris 2, Mini-course 'Network Dynamics and Public Goods' (6 hours, course of 12 hours - joint with Nizar Allouch)

9. January - February 2013 : CES, Université Paris 1 (Master 2) - Networks (9 hours, course of 18 hours - joint with Emily Tanimura)

10. January - February 2012 : CES, Université Paris 1 (Master 2) - Cooperative Games (18 hours)

11. June 2011 : EM LYON (Business School) - Open Topics Microeconomics (15 hours)

12. June 2010 : EM LYON (Business School) - Open Topics Microeconomics (15 hours)

13. February 2010 : GATE, University Lyon 2 (Ecole Doctorale) - Microeconomics (Game Theory, 12 hours)

14. June 2009 : GATE University Lyon 2 (Ecole Doctorale) - Anglais pour doctorants en sciences sociales (5 hours)

15. February - March 2009 : GATE, University Lyon 2 (Ecole Doctorale) - Microeconomics (Game Theory, 12 hours)

16. 2007/2008 : EM LYON (Business School) - Applied Micro-Economics (24 hours)

17. 2006/2007 : Radboud University Nijmegen - Strategy, Strategic Decision Making

18. 1995 - 2000 : Warsaw School of Economics, teaching:

    - Mathematics (in particular, Mathematical Analysis, Algebra, Probability, Differential Equations)
    - Game Theory, Social Choice Theory, Mathematical Economics

11   Ph.D., post-doc, HDR and Master Theses Supervision

Ph.D. supervision:

  - Ahmet Ozkardas, *Essays on Wage Bargaining*, Université Paris 1, supervision, thesis defended on November 17th, 2014

- Manuel Förster, *Essays on Dynamic Social Influence*, EDEEM (European Doctoral Program) - Université Paris 1 & Université Catholique de Louvain, co-supervision, thesis defended on June 10th, 2014

- Philipp Möhlmeier, *The Role of Externalities in Social and Economic Networks*, Bielefeld University, co-supervision, since July 2014, defense in November/December 2017

- Elena Orlova, *Evolution of Preferences*, EDEEM (European Doctoral Program) - Université Paris 1 & Bielefeld University, co-supervision, since October 2014

- Simon Schopohl, *Essays on Communication and Information Transmission*, EDEEM (European Doctoral Program) - Université Paris 1 & Bielefeld University, co-supervision, since September 2015, defense in November 2017

- Alexis Poindron, *Anti-conformism in Social Networks*, Université Paris 1, co-supervision, since September 2016

- Akylai Taalaibekova, *The Impact of Opinion Formation on Expectations and Market Dynamics*, EXSIDE (European Doctoral Program) - Université Paris 1 & Université Catholique de Louvain, co-supervision, since September 2017

Post-doc supervision:

- Jean-François Caulier, post-doc within the ANR project *MINT*, 1 year (2010 - 2011)

HDR supervision (supervisor – garant):

- Antoine Mandel, *Essais sur la dynamique économique*, defended 7/10/2015

- Lionel de Boisdeffre, *Modèles d'équilibre général sans anticipations rationnelles des prix*, to be defended on 23/11/2016

Master supervision at GATE and CES:

- Ahmet Ozkardas, *Wage bargaining with non-stationary preferences*, GATE - University of Lyon 2, defended in July 2009

- Alexis Poindron, *Anti-conformism and Social Networks*, Université Paris 1, defended in May 2016

- Billel Zaber, *Formation des réseaux stratégiques*, defended in June 2016

- Alylai Taalaibekova, *Strategic influence in social networks with three external players*, defended in June 2017

Master supervision at Radboud University Nijmegen, Nijmegen School of Management:

- Bas Nagtzaam, *Strategic Renewal of the Dutch Energy Incumbents*, defended 6.09.2005

- Floris Harthoorn, *What Fuels Competition along Highways: a Game Theoretical Research on Pricing Strategies*, defended 7.12.2005

- Ruben van den Bogaard, *Stability of Equity Based Joint Ventures, an Holistic Approach*, defended: 10.01.2007

Radboud University Nijmegen, Nijmegen School of Management, Co-reader (Master referee):

- Jaap-Jan Pietersen, *It's all between the games. Are people able to incorporate external information between two different games in a business like situation*, defended 10.01.2006

- Ferhat Işgüzarer, *Aanpassen? Een verkennend onderzoek naar de relatie tussen adaptatie en de relationship value van coöperatieve relaties bij hetmicrobedrijf*, defended 14.11.2006

- Tauvik Verhagen, *Technological market overlap and competitive intensity. A study of the mobile phone handset industry 1999-2005*, defended 31.01.2007

- Jan Hoogstraaten, *Using R&D alliances - The development of fuel cell vehicles within the automobile industry*, defended 08.02.2007

- Evert Coenen, *Conceptualizations of relatedness held by the managers of large diversified firm: a replication and extension study*, defended 21.02.2007

12 Participation in Ph.D. and HDR Committees

- Université Paris Nanterre, referee (rapporteur), HDR thesis of Rémy Oddou, *Juridictions, Sgrgation, et Choix Social*, to be held in December 2017

- University of Southern Denmark in Odense, referee (rapporteur), Ph.D. committee of Jesper Normann Breinbjerg, *Efficiency, Fairness and Agent Behavior in Queues*, defended 6/06/2017

- Radboud University Nijmegen, referee (rapporteur), Ph.D. committee of Weibin Han, *Maximality and Stability in Abstract Decision Problems*, defended 24/04/2017

- Université Paris 1, HDR thesis (garant) of Lionel de Boisdeffre, *Modèles d'équilibre général sans anticipations rationnelles des prix*, defended 23/11/2016

- Université Paris 1, HDR thesis (garant) of Antoine Mandel, *Essais sur la dynamique économique*, defended 7/10/2015

- Université Paris 1, member (president) of the Ph.D. committee of Andreas Karpf, *Social Interactions, Expectation Formation and Markets*, defended 22/10/2015

- University of Hamburg, referee of the HDR thesis of Berno Buechel, *Network Models, Spatial Competition, and Monitoring Incentives*, defended in Spring 2015

- Université Paris 1, referee (rapporteur), HDR committee of Margherita Comola, *De la théorie aux modèles économétriques : Essais sur la formation et l'évolution des réseaux sociaux*, defended 1/12/2014

- Université Paris-Est Marne-la-Vallée, CNRS-CIRED, member of the HDR committee of Rabia Nessah, *Théorie des jeux et ordonnancement de la production*, defended 24/06/2013

- Tilburg University, referee (rapporteur), Ph.D. committee of Manzoor Zahid, *A new framework for elections*, defended 12/12/2012

- Université de Caen, referee (rapporteur), Ph.D. committee of Samir Sbabou, *Equilibres de Nash dans les jeux de congestion á choix unique : Théorie et Applications*, defended 10/12/2010

- Warsaw School of Economics, referee (rapporteur), Ph.D. committee of Justyna Winnicka, *Indeksy sily dla gier z wieloma rozstrzygnieciami*, defended 9/11/2010

- Université de Caen, referee (rapporteur), Ph.D. committee of Mostapha Diss, *Paradoxes, stabilité et efficience des classements par points*, defended 25/05/2010

- Université Jean Monnet de Saint-Etienne, president of the Ph.D. committee of Amandine Ghintran, *Réseaux sociaux et règles d'allocation*, defended 30/09/2009

13 Participation in Master Committees (not supervision)

- Université Paris 1, member of the Master committee of Fen LI, *A PPolya urn model of opinion formation*, Mémoire de recherche, June 2017

- Université Paris 1, member of the Master committee of Liyan ZHANG, *A model of influence with anti-conformists*, Mémoire de recherche, June 2014

- Université Paris 1, member of the Master committee of Stéphane GONZALEZ, Stratégies et influence en réseau social, Mémoire de recherche, 2010

- Université Paris 1, member of the Master committee of Emmanuel MARUANI, *Jeux d'influence dans un réseau social*, Mémoire de recherche, April 2010

14 List of Publications

14.1 Articles in journals

1) Möhlmeier, Rusinowska, Tanimura (2017) Competition for the access to and use of information in networks, *Mathematical Social Sciences*, forthcoming

2) Grabisch, Mandel, Rusinowska, Tanimura (2017) Strategic influence in social networks, *Mathematics of Operations Research*, forthcoming

3) Möhlmeier, Rusinowska, Tanimura (2016) A degree-distance-based connections model with negative and positive externalities, *Journal of Public Economic Theory* 18(2): 168-192

4) Grabisch, Rusinowska (2016) Determining influential models, *Operations Research and Decisions* 26(2): 69-85

5) Caulier, Grabisch, Rusinowska (2015) An allocation rule for dynamic random network formation processes, *Economic Theory* 60(2): 283-313

6) Ozkardas, Rusinowska (2015) Inefficient equilibria in wage bargaining with discount rates varying in time, *Economics Bulletin* 35(3): 1744-1751

7) Grabisch, Rusinowska (2015) Lattices in social networks with influence, *International Game Theory Review* 17(1), 18 pages

8) Ozkardas, Rusinowska (2015) On equilibrium payoffs in wage bargaining with discount rates varying in time, *Economic Theory Bulletin* 3(2): 181-199

9) Robin, Rusinowska, Villeval (2014) Ingratiation: Experimental evidence, *European Economic Review* 66: 16-38

15 Invited Keynote Speeches at Conferences

1. 11th Workshop of the International Society of Dynamic Games, Warsaw, Invited talk: *Dynamic network formation models with strategic interactions*, 13.07-15.07.2017

2. Fifth Workshop on Dynamic Games in Management Science, Montreal, Canada, Invited talk: *Dynamic models of influence and opinion formation*, 27.11 - 28.11.2014

3. FSTA 2014 (12th International Conference on Fuzzy Set Theory and Applications), Liptovsky Jan, Slovak Republic, Invited talk: *Aggregation functions in social networks: Application to influence and contagion*, 26.01 - 31.01.2014

4. RAMiCS12 (12th International Conference on Relational and Algebraic Methods in Computer Science), Rotterdam, Invited talk: *Social networks: Prestige, centrality, and influence*, 30.05 - 3.06.2011

5. Third International Workshop on Computational Social Choice (COMSOC 2010), Düsseldorf, Invited tutorial: *Different approaches to influence in social networks*, 13.09 - 16.09.2010

16 Research Visits and Invited Seminars/Workshops

1. to be held on 3.11 - 4.11.2017 : Workshop on Networks, Seville

2. to be held on 24.09 - 27.09.2017 : Workshop on Finance and Growth, Florence

3. 1.09 - 2.09.2017 : Axiomatizations in Game Theory Workshop, Pecs, Hungary, invited talk *Measuring success in societies with opinion leaders*

4. 15.06 - 16.06.2017 : 4th Workshop on Cooperative Game Theory in Business Practice, Leipzig Graduate School of Management, invited talk *A model of anonymous influence with anti-conformist agents*

5. 7.06.2017 : 6th International Workshop 'Game Theory - Economics and Mathematics', University of Southern Denmark, Odense, invited talk *A model of anonymous influence with anti-conformist agents*

6. 30.05.2017 : University of Bielefeld, invited seminar *A model of anonymous influence with anti-conformist agents*

7. 24.03 - 01.04.2017 : visit to GERAD (Groupe d'Etudes et de Recherche en Analyse des Décisions), Montreal, invited seminar *Competition for the access to and use of information in networks*

8. 22.03 - 23.03.2017 : Workshop MARS (Measures, Axioms, Rights and Stability in coalitions and networks), Saint-Etienne, invited talk *A model of anonymous influence with anti-conformist agents*

9. 10.11 - 19.11.2016 : visit to the University of Southern Denmark, Odense, invited seminar *Strategic influence in social networks* on 14.11.2016

10. 16.09.2016 : Workshop on Network Theory, School of Economics and Finance, Queen Mary, University of London, invited talk *Strategic influence in social networks*

11. 16.06 - 17.06.2016 : 3rd Workshop on Cooperative Game Theory in Business Practice, Leipzig Graduate School of Management, invited talk *Competition for the access to and use of information in networks*

12. 1.05 - 4.05.2016 : Toulouse Complex Network Workshop "Advanced Mathematics for Network Analysis", invited talk *Opinion dynamics and influence networks in economics*, Luchon

13. 4.12 - 11.12.2015 : visit to GERAD, Montreal, invited seminar *Strategic influence in social networks*

14. 20.11.2015 : Seminar "Quantitative methods of group decision making", Wroclaw (Poland), invited talk *Holdout threats of the union during wage bargaining*

15. 28.09.2015 : GATE (Lyon), invited seminar *Strategic influence in social networks*

16. 18.06 - 19.06.2015 : 2nd Workshop on Cooperative Game Theory in Business Practice, Leipzig Graduate School of Management, invited talk *Strategic influence in social networks*

17. 27.04 - 4.05.2015 : visit to the University Federico II in Naples

18. 30.03.2015 : Workshop on Networks and Cooperative Games, Free University Amsterdam, invited talk *Strategic influence in social networks*

19. 1.03 - 3.03.2015 : visit to the University of Basque Country, Bilbao, invited seminar *Strategic influence in social networks*

20. 1.12 - 7.12.2014 : visit to the International Laboratory on Decision and Choice Analysis, National Research University Higher School of Economics, Moscow (Russia)

21. 17.10.2014 : SAMM (Statistique, Analyse, Modélisation Multidisciplinaire), Paris, seminar talk *Modeling influence by aggregation functions*

22. 12.09.2014 : Workshop 'Contagion Dynamics in Socio-economic Systems', ISCpif, Paris, invited talk *Modeling influence and contagion by aggregation functions*

23. 5.06 - 6.06.2014 : Workshop 'Power', Fondation Maison des Sciences de l'Hommes, Paris, invited talk *Influence in social networks*

24. 2.03 - 2.04.2014 : visit to the University of Oregon (US), Eugene, Courtesy Professor in Economics in the College of Arts and Sciences, collaboration with Anne van den Nouweland, invited seminar *Aggregation functions in social networks: Application to influence and contagion*

25. 15.11 - 16.11.2013 : International game theory workshop in honor of Bezalel Peleg 'Game Theory - Economics and Mathematics', University of Southern Denmark, Odense, invited talk *An allocation rule for dynamic random network formation processes*

26. 21.10.2013 : University of Dortmund, seminar talk *Ingratiation and favoritism*

27. 27.09.2013 : Workshop on Simple Games and Beyond, Université Paris Dauphine, presentation *An allocation rule for dynamic random network formation processes*

28. 27.06.2013 : Laboratoire d'Economie Industrielle du CREST, seminar talk *A model of influence based on aggregation functions*

29. 14.12.2012 : Dutch Social Choice Group colloquium, Nijmegen, seminar talk *Modeling opinion formation and influence by aggregation functions*

30. 27.11 - 30.11.2012 : visit to the Seoul National University, Korea, invited seminar *A model of influence based on aggregation functions* (29/11/2012)

31. 14.01.2012 : EBIM Networks Workshop, Bielefeld University, presentation: *Model of influence based on aggregation functions, contagion and influence*

32. 9.12.2011 : Sixth Workshop on Economic Design and Institutions, Facultés universitaires Saint-Louis, Brussels (Belgium), invited talk *A model of influence based on aggregation functions*

33. 25.11 - 4.12.2011 : visit to the International Laboratory on Decision and Choice Analysis, National Research University Higher School of Economics, Moscow (Russia)

34. 31.03.2011 : ENSTA, Paris, seminar talk *Comment modéliser l'influence dans un réseau social* (joint with Michel Grabisch)

35. 14.02.2011 : ERIC, University of Lyon 2, seminar talk *Influence in a social network* (joint with Michel Grabisch)

36. 21.05.2010 : Social Choice Colloquium, Tilburg University, seminar talk *Different approaches to influence*

37. 1.03.2010 : CREM, University of Caen, seminar talk *A model of influence with a continuum of actions*

38. 1.10 - 3.10.2009 : International Meeting "New Trends in Cooperative Game Theory", Sanlúcar de Barrameda, an invited talk *Influence functions, followers and command games*

39. 5.06.2008 : University of Milan, Department of Econometrics and Mathematics for Economic, Financial and Actuverdana Applications, seminar talk *A model of influence in a social network*

40. 18.10.2007 : CREUSET (CNRS FRE 2938), Saint-Etienne, seminar talk *On influence and power indices*

41. 6.03.2006 : CERMSEM (Centre de Recherche en Mathématique, Statistique et Economie Mathématique - Université Paris I), seminar talk *Measures of success and power for bipartite directed graphs in binary voting situations*

42. 17.11.2005 : visit to the Institute for Logic, Language and Computation, University of Amsterdam - presentation: *An interdisciplinary approach to coalition formation*

43. 26.09 - 2.10.2004 : Short Term Scientific Mission, visit to the Christian-Albrechts-University of Kiel, Institute of Computer Science and Applied Mathematics, Kiel (Germany) - cooperation with Rudolf Berghammer

44. 2.04.2004 : visit to the Tinbergen Institute, Amsterdam - presentation: *Consensus reaching in coalition formation and committees*

45. 29.03 - 30.03.2004 : visit to the School of Management of the University of Liverpool - cooperation with Frank Steffen

46. 18.03 - 19.03.2004 : visit to the Department of Economics of the University of Vienna - presentation: *Bargaining problems with non-stationary preferences of the players*

47. 8.03.2004 : visit to the Center for Operations Research and Econometrics (CORE), Université Catholique de Louvain (Belgium) - presentation: *Generalizing and modifying the Hoede-Bakker index*, and *Bargaining problems with non-stationary preferences of the players*

48. 20.01 - 22.01.2004 : Short Term Scientific Mission, visit to the Faculté Polytechnique de Mons, Mons (Belgium) - cooperation with Marc Roubens

49. 8.12 - 10.12.2003 : Short Term Scientific Mission, visit to the Faculté Polytechnique de Mons, Mons - cooperation with Marc Roubens

50. 3.06 - 10.06.2003 : Short Term Scientific Mission, visit to the Abo Akademi University, Department of Computer Science, Abo/Turku (Finland) - cooperation with Patrik Eklund and Hannu Nurmi

51. 19.03 - 20.03.2002 : visit to the University of California in Irvine - visit to Prof. Don Saari and Prof. Berni Grofman

52. 26.11 - 28.11.2001 : visit to the University of Twente, Enschede (the Netherlands) - presentation: *Voting power paradoxes in Dutch politics (empirical research)*

53. 11.11 - 18.11.1999 : visit to CentER for Economic Research at Tilburg University, Tilburg (the Netherlands) - presentation: *Subgame perfect equilibria in certain bargaining models*

17 Regular Presentations at Conferences and Workshops

1. 10.07 - 13.07.2017 : 18th meeting of the Association for Public Economic Theory (PET 17), Paris, paper: The degree measure as a utility function for positions in weighted networks

2. 5.07 - 7.07.2017 : SING13 (European Meeting on Game Theory), Paris, paper: Modeling contagion by aggregation functions

3. 25.06 - 30.06.2017 : 17th Meeting of the Society for the Advancement of Economic Theory (SAET 17), Faro, paper: The degree measure as a utility function for positions in weighted networks

4. 11.05 - 12.05.2017 : XXII Coalition Theory Network Workshop, Glasgow, paper: Centrality measures as utility functions for positions in networks

5. 28.04 - 30.04.2017 : Third Annual NSF Conference on Network Science in Economics, Saint Louis (USA), paper: Centrality measures as utility functions for positions in networks

6. 25.08 - 28.08.2016 : SCIS & ISIS 2016, Sapporo, Japan, paper: Iterating influence in social networks

7. 24.07 - 28.07.2016 : GAMES 2016 (The 5th World Congress of the Game Theory Society), Maastricht, NL, paper: Strategic influence in social networks

8. 11.07 - 13.07.2016 : SING12 (European Meeting on Game Theory), Odense, Denmark, paper: Centrality measures as utility functions for positions in networks

9. 28.06 - 1.07.2016 : XIII International Meeting of the Society for Social Choice and Welfare, Lund, Sweden, paper: Competition for the access to and use of information in networks

10. 10.06 - 11.06.2016 : 7th Workshop on Dynamic Games in Management Science, ESSEC Business School, Paris, paper: Ingratiation and favoritism in organizations

11. 24.01 - 29.01.2016 : FSTA 2016 (13th International Conference on Fuzzy Set Theory and Applications), Liptovsky Jan, Slovak Republic, paper: Strategic influence in social networks

12. 14.12 - 16.12.2015 : OSE - Journées de la Direction Thématique 4: "Fondements des comportements individuels, stratégiques et sociaux", Aussois, presentation: Competition for the access to and use of information in networks

13. 27.07 - 31.07.2015 : 15th Meeting of the Society for the Advancement of Economic Theory (SAET 15), Cambridge, paper: Competition for the access to and use of information in networks

14. 8.07 - 10.07.2015 : SING11, Saint Petersburg, paper: Ingratiation and favoritism in organizations

15. 1.07 - 4.07.2015 : XVI Annual Conference of the Association for Public Economic Theory (PET 15), Luxembourg, paper: Strategic influence in social networks

16. 19.08 - 22.08.2014 : 14th Meeting of the Society for the Advancement of Economic Theory (SAET 14), Tokyo, paper: Modeling ingratiation and favoritism

17. 7.07 - 9.07.2014 : SING10 (X Spain Italy Netherlands Meeting on Game Theory), Cracow (Poland), paper: An allocation rule for dynamic random network formation processes

18. 30.06 - 1.07.2014 : XXIII European Workshop on General Equilibrium Theory, Paris, paper: A degree-distance-based connections model with negative and positive externalities

19. 18.06 - 21.06.2014 : XII International Meeting of the Society for Social Choice and Welfare, Boston (US), paper: An allocation rule for dynamic random network formation processes

20. 9.09 - 11.09.2013 : 6th Transatlantic Theory Workshop, Oxford, paper: An allocation rule for dynamic random network formation processes

21. 22.07 - 27.07.2013 : 13th Meeting of the Society for the Advancement of Economic Theory (SAET 13), Paris, paper: A degree-distance-based connections model with negative and positive externalities

22. 8.07 - 10.07.2013 : SING9 (IX Spain Italy Netherlands Meeting on Game Theory), Vigo (Spain), paper: Ingratiation and favouritism

23. 5.07 - 7.07.2013 : XIV Annual Conference of the Association for Public Economic Theory (PET13), Lisbon, paper: Ingratiation and favouritism

24. 1.07 - 4.07.2013 : EURO / INFORMS, 26th European Conference on Operational Research, Rome, paper: Computing tournament solutions using relation algebra and RelView

25. 26.02 - 2.03.2013 : 34th Linz Seminar on Fuzzy Set Theory, Linz, paper: Modeling influence by aggregation functions

26. 8.02 - 9.02.2013 : XVIII Coalition Theory Network Workshop, Warwick, paper: A model of ingratiation and favouritism

27. 9.01 - 11.01.2013 : International Symposium on Applied Optimization and Game-Theoretic Models, Indian Statistical Institute, Delhi, paper: Lattices in social networks with influence

28. 5.12 - 7.12.2012 : OSE - Journées de la Direction Thématique 4: "Fondements des comportements individuels, stratégiques et sociaux", Aussois, presentation: Dynamic networks and the network approach to interactions

29. 22.07 - 26.07.2012 : GAMES 2012 (The 4th World Congress of the Game Theory Society), Istanbul, paper: A model of influence based on aggregation functions

30. 16.07 - 18.07.2012 : SING8 (VIII Spain Italy Netherlands Meeting on Game Theory), Budapest, paper: Connections models with negative externalities

31. 12.06 - 14.06.2012 : XIII Annual Conference of the Association for Public Economic Theory (PET12), Taipei, Taiwan, paper: A model of influence based on aggregation functions

32. 3.05 - 4.05.2012 : SSEAC Workshop on Social Choice and Social Software, Kiel, paper: Connections models with negative externalities

33. 23.01 - 25.01.2012 : First Caribbean Game Theory Conference, Curacao, paper: A dynamic model of influence based on aggregation functions

34. 15.09 - 18.09.2011 : LogICCC Final Conference (European Science Foundation, EUROCORES Programme), Berlin, paper: Influence and centrality

35. 18.07 - 20.07.2011 : SING7 (VII Spain Italy Netherlands Meeting on Game Theory), Paris, paper: A dynamic model of influence in social networks based on aggregation functions

36. 26.06 - 1.07.2011 : 11th Meeting of the Society for the Advancement of Economic Theory (SAET 11), Faro, Portugal, paper: A dynamic model of influence based on aggregation functions

37. 2.05 - 6.05.2011 : ICFCA 2011 (9th International Conference on Formal Concept Analysis), Nicosia, Cyprus, paper: Lattices in social networks with influence

38. 15.03 - 16.03.2011 : Second International Workshop 'Models of Influence and Network Theory' (MINT2), Saint Etienne, paper: Measuring power and satisfaction in societies with opinion leaders: An axiomatization

39. 2.03 - 4.03.2011 : ROADEF 2011 (XII Congrès Annuel de la Societé Française de Recherche Opérationnelle et d'Aide à la Décision), Saint Etienne, paper: Wage bargaining with non-stationary preferences under strike decision

40. 4.02 - 5.02.2011 : XVI Coalition Theory Network Workshop, Barcelone, paper: Iterating influence in a social network

41. 09.09 - 10.09.2010 : 59ème Congrès Annuel de l'AFSE, Université Paris X - Nanterre, paper: A model of influence with a continuum of actions

42. 21.07 - 24.07.2010 : X International Meeting of the Society for Social Choice and Welfare, Moscow (Russia), paper: A model of influence with a continuum of actions

43. 07.07 - 09.07.2010 : SING6 (Sixth Spain Italy Netherlands Meeting on Game Theory), Palermo, paper: Iterating influence between players in a social network

44. 2.07 - 4.07.2010 : Warsaw International Economic Meeting (WIEM2010), Warsaw, paper: A relation-algebraic approach to simple games

45. 8.06 - 9.06.2010 : SSEAC Workshop on Voting and Allocation Systems, Aland (Finland), paper: Measuring influence among players with a continuum of actions

46. 8.10 - 9.10.2009 : International Conference 'Regions, Firms and Institutions in the World Economy', Warsaw School of Economics, paper: Competition and welfare in integrated regions

47. 10.09 - 11.09.2009 : 58ème Congrès Annuel de l'AFSE, Université Paris X - Nanterre, paper: Measuring power and satisfaction in societies with opinion leaders

48. 26.08 - 29.08.2009 : International Conference 'Logic, Game Theory and Social Choice 6', Tsukuba (Japan), paper: Measuring power and satisfaction in societies with opinion leaders: Dictator and opinion leader properties

49. 5.07 - 8.07.2009 : EURO XXIII (XXIII European Conference on Operational Research), Bonn (Germany), paper: Applying relational algebra and RelView to measures in a social network

50. 01.07 - 03.07.2009 : SING5 (Fifth Spain Italy Netherlands Meeting on Game Theory), Amsterdam (NL), paper: A model of influence with a continuum of actions

51. 25.05 - 26.05.2009 : International Workshop 'New Approaches to Voting and Social Choice', Tilburg, The Netherlands, paper: Influence functions, followers and command games

52. 1.04 - 2.04.2009 : Research Meeting 'Computational Social Choice and Social Software', GATE, paper: Applying Relational Algebra, RelView and Graph Theory to Coalition Formation

53. 1.09 - 4.09.2008 : XXXII Congress of AMASES (Associazione per la Matematica Applicata alle Scienze Economiche e Sociali), Trento (Italy), paper: Measuring influence in a social network

54. 13.07 - 17.07.2008 : Third World Congress of the Game Theory Society (GAMES2008), Evanston (USA), paper: Measuring influence in command games

55. 4.07 - 6.07.2008 : Warsaw International Economic Meeting (WIEM2008), Warsaw, paper: Measuring influence among players with an ordered set of possible actions

56. 26.06 - 28.06.2008 : SING4 (Fourth Spain Italy Netherlands Meeting on Game Theory), Wroclaw (Poland), **organizing the session** 'Influence and Power in Networks' (parts I and II); paper: A model of influence and command games

57. 19.06 - 22.06.2008 : IX International Meeting of the Society for Social Choice and Welfare, Montreal (Canada), paper: An influence model and command games

58. 8.07 - 11.07.2007 : EURO XXII (XXII European Conference on Operational Research), Prague, paper: Generalized influence indices

59. 4.07 - 6.07.2007 : SING3 (Third Spain Italy Netherlands Meeting on Game Theory), Madrid, paper: The role of policy flexibility and party strength in coalition formation - an analysis of Dutch elections

60. 20.06 - 22.06.2007 : International Conference 'Logic, Game Theory and Social Choice 5', Bilbao (Spain), paper: Coalition formation: the role of procedure and policy flexibility

61. 25.10 - 27.10.2006 : 2nd CSA International Workshop 'Co-operation as driver for innovation', Nijmegen, paper: On some procedures of forming a multi-partner alliance

62. 25.10 - 28.10.2006 : DIMACS-LAMSADE Workshop on Voting Theory and Preference Modelling, Paris, paper: On influence and power indices

63. 21.09 - 23.09.2006 : 13th Osnabrueck Seminar of Individual Decisions and Social Choice, Osnabrueck (Germany), paper: An interdisciplinary approach to coalition formation

64. 13.07 - 17.07.2006 : VIII International Meeting of the Society for Social Choice and Welfare, Istanbul (Turkey), paper: On influence and power indices

65. 14.06 - 17.06.2006 : SING2 (Second Spain Italy Netherlands Meeting on Game Theory) and XVI IMGTA, Foggia (Italy), paper: Comparing different procedures of forming a coalition

66. 7.02 - 11.02.2006 : 27th Linz Seminar on Fuzzy Set Theory, 'Preferences, Games and Decisions', Linz (Austria), paper: An interdisciplinary approach to coalition formation

67. 19.01 - 21.01.2006 : XI Coalition Theory Network Workshop, University of Warwick, Coventry (UK), paper: Graph theory, RelView and coalitions

68. 11.07 - 15.07.2005 : the 17th Triennial Conference of the International Federation of Operational Research Societies (IFORS 2005), Honolulu, Hawaii (USA), **organizing a session** 'Coalition and Alliance Formation' (part I and II)

69. 11.07 - 15.07.2005 : the 17th Triennial Conference of the International Federation of Operational Research Societies (IFORS 2005), Honolulu, Hawaii (USA), paper: Applying relational Algebra and RelView to coalition formation

70. 24.06 - 26.06.2005 : First Spain Italy Netherlands Meeting on Game Theory, Maastricht (NL), paper: On some procedures of forming a coalition

71. 22.06 - 24.06.2005 : International Conference 'Logic, Game Theory and Social Choice 4', Caen (France), papers: Measures for bipartite directed graphs using success and power in binary voting situations and On some procedures of forming a coalition

72. 30.03 - 1.04.2005 : Workshop of COST Action 274/TARSKI, Malaga (Spain), paper: Applying relational Algebra and RelView to coalition formation

73. 10.03 - 13.03.2005 : Public Choice Society Annual Meeting, New Orleans (the US), paper: Measures for bipartite directed graphs using success and power in binary voting situations

74. 22.02 - 26.02.2005 : VIII International Conference on Relational Methods in Computer Science (RelMiCS 8) and COST 274/TARSKI Workshops, St. Catharines (Canada), paper: A model of political consensus

75. 6.09 - 10.09.2004 : International Conference 'Game Theory and Mathematical Economics', Warsaw (Poland), papers: Application of the Macbeth approach to coalition formation, and Consensus reaching in committees and coalition formation

76. 21.07 - 25.07.2004 : VII International Meeting of the Society for Social Choice and Welfare, Osaka (Japan), paper: A consensus model of political decision-making

77. 12.07 - 14.07.2004 : VI Spanish Meeting on Game Theory and Practice, Elche (Spain), papers: A consensus model of decision-making in committees and coalition formation, and Applying the Macbeth technique to coalition formation

78. 5.07 - 9.07.2004 : II World Congress of the Game Theory Society (GAMES 2004), Marseille (France), poster: Consensus reaching in coalition formation and committees

79. 29.06 - 3.07.2004 : Conference on Economic Design (SED 2004), Mallorca (Spain), paper: Application of the Macbeth approach to coalition formation

80. 10.06 - 12.06.2004 : Meeting of COST Action 274 TARSKI, Tampere (Finland), presentation: Report of my COST- STSMs

81. 11.03 - 13.03.2004 : Workshop of COST Action 274: TARSKI, Toulouse (France), paper: Bargaining problems with non-stationary preferences of the players

82. 4.12 - 5.12.2003 : VI Meeting of COST Action 274 TARSKI, Workshop Theory and Applications of Relational Structures as Knowledge Instruments, Ghent (Belgium), paper: On the Hoede-Bakker power index

83. 11.09 - 14.09.2003 : The Third International Conference 'Logic, Game Theory and Social Choice', Siena (Italy), papers: Negotiating a stable government - application of bargaining theory to a coalition formation model, and Generalizing and modifying the Hoede-Bakker index

84. 9.07 - 12.07.2003 : XV Italian Meeting on Game Theory and Applications, Urbino (Italy), papers: Negotiating a stable government - application of bargaining theory to a model of coalition formation, and Generalization and modifications of the Hoede-Bakker index

85. 10.04 - 13.04.2003 : The Third Siena - Hamburg Workshop on Applied Game Theory, Siena (Italy), paper: The Hoede-Bakker index revisited

86. 21.03 - 23.03.2003 : Public Choice Society and Economy Science Meetings, Nashville (the US), paper: Generalizing the Hoede-Bakker index, and Negotiations in coalition formation

87. 24.10 - 26.10.2002 : The Ninth Osnabrueck Seminar on Individual Decision and Social Choice, Osnabrueck (Germany), paper: A new model of coalition formation

88. 9.08 - 11.08.2002 : Workshop on Voting Power Analysis, London School of Economics, paper: On some properties of the Hoede-Bakker index

89. 12.07 - 14.07.2002 : Workshop Modelling the European Decision Making, San Sebastian (Spain), paper: On the Hoede-Bakker index

90. 23.06 - 25.06.2002 : Conference Advances in Game Theory and Related Topics joint with Game Practice III, Hilvarenbeek (the Netherlands), paper: A government reached by negotiations

91. 19.06 - 21.06.2002 : The Second Twente Workshop on Cooperative Game Theory, University of Twente, Enschede (the Netherlands), paper: On some properties of the Hoede-Bakker index

92. 6.06 - 9.06.2002 : The Second Siena - Hamburg Workshop on Applied Game Theory, Hamburg (Germany), paper: A new model of coalition formation

93. 22.03 - 24.03.2002 : Public Choice Society and Economic Science Association 2002 Annual Meeting, San Diego (the US), paper: A new model of coalition formation

94. 19.03 - 20.03.2002 : Conference 'Decision Analysis and Evolutionary Game Theory', Irvine (the US), paper: A new model of coalition formation

95. 11.10 - 14.10.2001 : The First Bilateral Siena - Hamburg Workshop on Applied Game Theory, Siena (Italy), paper: An alternative model on the formation of political coalitions (author: Van der Rijt)

96. 11.07 - 14.07.2001 : XIV Italian Meeting on Game Theory and Applications, Ischia (Italy), paper: Paradoxes of voting power in Dutch politics

97. 21.06 - 24.06.2001 : The Second International Conference 'Logic, Game Theory and Social Choice', St. Petersburg (Russia), papers: Paradoxes of voting power in Dutch politics, and On certain bargaining model with simultaneous moves of the players

98. 24.07 - 28.07.2000 : The First World Congress of the Game Theory Society (GAMES 2000), Bilbao (Spain), poster: Bargaining model with preferences described by sequences of discount rates and sequences of bargaining costs

99. 19.07 - 21.07.2000 : The Fourth Spanish Meeting on Game Theory, Game Practice II, the Eighth Summer Meeting on Game Theory, Valencia (Spain), paper: Bargaining model with preferences described by sequences of discount rates and sequences of bargaining costs

100. 6.06 - 9.06.2000 : The First Polish Workshop of Ph.D. Students, Borki (Poland), paper: Bargaining problem with non-stationary preferences of the players

101. 7.04 - 8.04.2000 : Exploratory Workshop on Bargaining, Barcelona (Spain)

102. 19.11 - 20.11.1999 : Workshop on Logic and Games, organized by the Institute for Logic, Language and Computation at the University of Amsterdam, Amsterdam (the Netherlands)

103. 21.09 - 28.09.1999 : XXVIII Polish Conference on Mathematics Applications, Zakopane (Poland), paper: Bargaining model with bargaining costs varying in time

104. 20.08 - 26.08.1999 : XI International Congress of Logic, Methodology and Philosophy of Science, Cracow (Poland)

105. 8.08 - 14.08.1999 : II International Conference of Ph.D. Students, Miskolc (Hungary), paper: Subgame perfect equilibria in the model with bargaining costs varying in time

106. 26.06 - 30.06.1998 : XII Convegno di teoria dei giochi ed applicazioni. Game Practice I, Genova (Italy), paper: Bargaining problem with non-stationary time preferences

107. 8.06 - 10.06.1998 : BOS'98 - Conference for celebration of 50 years of Polish Computer Sciences, Kutno, paper: Bargaining problem with non-stationary preferences of the players

108. 23.09 - 30.09.1997 : XXVI Polish Conference on Mathematics Applications, Zakopane (Poland), paper Bargaining problem with non-stationary preferences of the players

18   Summer Schools

1. 8.07 - 11.07.2002 : The Summer School on EU Decision Making, San Sebastian (Spain)

2. 21.08 - 1.09.2000 : The Second School on Mathematics of Economics, Trieste (Italy)

3. 31.07 - 4.08.2000 : The Summer School on Bounded Rationality, San Sebastian

4. 22.07 - 28.07.1999 : II Urrutia Elejalde Summer School on Economics and Philosophy in San Sebastian, delivery of paper *Subgame perfect equilibria in the bargaining models with preferences varying in time*

5. 31.08 - 25.09.1998 : School on the Mathematics of Economics in Trieste, a diploma in Economics

6. 27.07 - 25.08.1996 : Summer School of Economics, Kortowo - Olsztyn (Poland), two diplomas in International Trade and Industrial Organization

7. 5.07 - 13.08.1995 : Summer School of Economics, Kortowo - Olsztyn, two diplomas in Microeconomics and Macroeconomics
